Secretary to Government.

PUBLIC DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from W. GREY, Esq., Secretary to the Government of India, to the Secretary to Government of Fort Saint George, dated Fort William, 2nd March 1861, No. 450.

Home Department.

I am desired to request that under the Orders of His Excellency the Governor in Council a complete return may be furnished as soon as possible, showing the total cost in every branch of the service of the several Hill Stations and Sanataria, now existing under the Government of Madras including the cost of public buildings and of roads both in, and leading to, the Stations, as well as the charges for any local Establishments maintained at the cost of the State for Police and Municipal purposes. The return should likewise show clearly the extent to which each Sanatarium is self-supporting, and how far it is available and has been actually used for invalid Soldiers and their families.

2. With regard to all Sanataria it should be laid down as a rule that, beyond what is necessary for such Military invalids below the rank of Commissioned Officers, the expenses of the Station, including the cost of constructing and keeping in repair the approaches to it, should as far as possible be borne by local or special funds, to be raised for the purpose from the parties resorting to, and making use of, the Station, and I am desired to request that any means which suggest themselves to His Excellency for giving effect to this principle may be communicated with your reply.

ORDER THEREON, 21st March 1861, No. 415.

Copies of the foregoing letter will be furnished to the Departments indicated in the margin, in view to a return of the nature called for, so far as it may relate to them respectively, being submitted by each of those Departments.
