Proceedings of the Madras Government, Revenue Department,
11th April 1861.

No. 181. Read the following Proceedings of the Board of Revenue, dated 25th March 1861, No. 1,558:—

Read again the Proceedings of the Madras Government, dated 11th August 1860, No. 1,335, Revenue Department.

(In Cons. 13th August 1860, No. 3,970.)

1. The question referred to the Board for their opinion in the above Proceedings of Government is, whether the reversionary right in the Mukhása villages of the old Zamíndáris of Masulipatam vests in Government or in the Zamíndár.

2. The annexed extracts include the authorities cited by the Inám Commissioner for his opinion, that the right appertains to the Zamíndár, and certainly so far as Nuzid and Charmahal are concerned, it appears evident that the Mukhása grants were alienations of their own revenues made by the Zamíndárs for their own purposes and resumable at their pleasure.

3. From paragraph 25 of the Board's letter to Masulipatam, dated 15th October 1799, it certainly would also seem that it was distinctly contemplated that the value of all *such* alienations should be included in the assets of the estates, as being an available source of income to the Zamíndárs, if they chose to make use of it.

4. But the Board cannot, from the papers before them, distinctly satisfy themselves that in the actual settlement of the permanent Peshkash on Nuzid and Charmahal, this item was not excluded.

5. They resolve, therefore, to refer the matter to the Collector for report, requesting him to supply from the records of his Office a statement of the assets of the estates as ascertained by the Circuit Committee in 1786, as supplied for guidance to the Collector by the Board in 1799, and as adopted by the Collector in fixing the Peshkash which was reported to Government by the Board in 1802.

6. He will at the same time furnish a statement of the *old* Zamíndáris which were then settled, and of the new ones then created, showing which remain to the present day in their original form.

7. So far as the Board can judge it would seem to have been intended to vest in the representatives of the old Zamíndárs and in the Proprietors of the estates newly created out of the Havilly lands, the reversionary right to all sources of income which had not been permanently alienated by a competent and superior authority, or were not expressly excepted in the Istimrár Sanad.

No. 182. ORDER THEREON, 11th April 1861, No. 812.

1. Ordered to be communicated to the Inám Commissioner, with reference to the Order of August 11th 1860, No. 1,335. Mr. Taylor will perceive that the Board give no decided opinion as to the tenure of the Mukhása villages, but refer the question to the Collector for report.

2. The Government cannot but notice the great delay which has attended the Board's Proceedings in this case; although in the Order of August 11th they were expressly desired to "take up the subject without delay and report on it as early as possible."

Secretary to Government.
