Proceedings of the Madras Government, Revenue Department,
11th April 1861.

No. 187. Read the following letter from Captain H. R. MORGAN, Officiating Conservator of Forests, to J. D. BOURDILLON, Esq., Secretary to Government, Revenue Department, Fort Saint George, dated Ootacamund, 30th March 1861, No. 422 A :—

SIR,

1. I have the honor to acknowledge the Order of Government of 23rd March 1861, No. 683, with Dr. Macpherson's letter of 5th March 1861, No. 17.

2. Dr. Macpherson in paragraph 5 of his letter states that the Cinchona seeds at Kew are coming up "very well," and in the same paragraph states that "no preparation offering in my judgment a prospect of success had "been made for the supplies of this plant." I can assure the Government that this statement is calculated to mislead. The seeds received have been planted in pots in the glass house at Ootacamund and are now germinating freely. The greatest attention is paid to them and there is every prospect of success.

Grown under glass of course.

No. 188. ORDER THEREON, 11th April 1861, No. 815.

Ordered to be recorded.
