PUBLIC DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from the Municipal Commissioners for the Town of Madras; to the Chief Secretary to Government, Fort Saint George, dated 9th December 1861.

1. Complaints having been made of the stench that arises from the old line of the main drain from Umpherson's street to the circular cess-pool on the Esplanade, and of the want of proper coverings to the several man holes or openings of the said drain, we have the honor to submit an Estimate of the expense of removing the deposits from the same and for covering the man holes with blue stones, amounting to Rupees 571-13-4, which we trust will receive the sanction of Government.

2. The present line of the main drain across the Esplanade to the sea near the north east angle of the Fort was constructed by our predecessors the Justices in Sessions at the expense of Government in 1854-55.

(Signed) T. EVANS BELL, President,
(„) B. CARDOZO,
(„) S. JESUDASEN PILLAY,
Municipal Commissioners
for the Town of Madras.

ORDER THEREON, 18th December 1861, No. 1,663.

It is observed that the Estimate now submitted provides for the removal of mud deposited in the old main drain from the south end of Umpherson's street, and consequently across the *public road*, to the Esplanade, and as this portion is not on *Government ground*, the Municipal Commissioners will be good enough to furnish a revised Estimate of the work to be properly chargeable to the State.
