1 *Letter from the District Engineer Presidency, No.* 1051, *dated* 21*st September* 1861, *with one enclosure.*

I have the honor to forward an Estimate, amounting to Rupees 40, for erecting a temporary Shed for a Cooking Range for the use of the Garrison Band in the South Lunette of the Wallajah Ravelin in Fort Saint George.

2. On the 21st September last, the District Engineer Presidency, submitted a Plan and Estimate, on the requisition of the Barrack Master and the Brigade Major, for constructing a pucka building, but as the Lunette is in a very ruinous state, and will probably have to be re-built next year, it was not considered desirable, to incur the expenditure proposed by him, *viz.*, Rupees 293, and he was requested to suggest some other arrangement.

Rupees 293.

3. In reply, the District Engineer has forwarded the accompanying Estimate*, which provides all that is necessary for the present, and as it has been examined in this Office and found to be correct, I beg to recommend that it may be sanctioned from the general funds at the disposal of the District Engineer Presidency.

* *Rupees* 40.
