Sanctioning the improvement of the eastern section of Royapooram as proposed by the Municipal Commissioners. } (Here enter 14th January 1862, No. 57.)

59-60

ORDER THEREON, 17th January 1862, No. 23.

Communicated to the Deputy Chief Engineer Central Circle. The source from which the funds required for carrying out the improvements will be determined by the Chief Engineer.

(True Extract.)

Lieut.-Colonel,

Chief Engr. and Secy. to Govt., D. P. W.

To the Chief Engineer,
„ Deputy do. Central Circle, with Plan } with Proceedings Public Department, No. 57
„ Public Department,

Exd. S. T. Augustin.

PUBLIC DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from the Municipal Commissioners for the Town of Madras; to the Chief Secretary to Government, Fort Saint George, dated 20th December 1861.

1, We have the honor as requested in the Order of Government, Public Department, dated 5th October last, No. 1,375, to forward a plan shewing the proposed improvement of the eastern section of Royapoorum, which is now densely covered with Boatmen's huts, together with copy of a Memorandum from our Civil Engineer explanatory of the same.

2. The total cost of the work is roughly estimated at Rupees 10,770, which we trust will not be considered too high looking to the great sanitary advantages that may fairly be expected to result from the opening up of this crowded locality.

(Signed) T. EVANS BELL, President.
(„) B. CARDOZO,
(„) S. JESUDASEN,
Municipal Commissioners for the Town of Madras.

MEMORANDUM.

The Civil Engineer begs to forward a plan shewing the proposed improvements to the eastern section of Royapoorum as suggested by Dr. Vansomeren in his letter to the Deputy Inspector General of Hospitals of date 24th August 1861, No. 100.

2. There are 6 openings from the main road towards the sea provided for in the Estimate, the cost of which including the removal of all the huts and houses, as marked in the plan, is Rupees 4,599, besides which it has been found necessary to provide for the removal of huts and houses along the sea face, to allow of the formation of a beach road; the removal of these huts cannot be effected for less than Rupees 1,270.

3. The cost of forming the road along the beach at the lowest calculation will be,

	Rs.	A.	P.
For raising	1,698	15	0
Improving surface with clay and rubbish	631	4	0
Metalling 20 feet broad and 5 inches thick	2,058	5	4
Rupees...	4,388	8	4

The total amount of Estimate is Rupees 10,770-0-0, which though apparently high is not too much for an improvement calculated to contribute towards the sanitary improvements of a large portion of Madras.

(Signed) D. HORGAN,
Civil Engineer.

CIVIL ENGINEER'S OFFICE,
MADRAS,
19*th December* 1861.
To the Municipal Commissioners, Madras.

(True Copy.)
(Signed) B. CARDOZO,
(„) S. JESUDASEN,
Municipal Commissioners for the Town of Madras.

ORDER THEREON, 14th January 1862, No. 57.

The Government sanction the work proposed in the foregoing letter, to be executed at the public expense under Orders to be passed in the Public Works Department.

(True Extract.)

Chief Secretary.
