Proceedings of the Madras Government, Public Works Department, 29th January 1862.

No. 135. Read the following letter from Colonel H. C. COTTON, Chief Engineer, Madras Irrigation and Canal Company, to J. D. SIM, Esq., Secretary to Government, dated Kurnool, 20th January 1862, No. 13 :—

SIR,

1. At my request Mr. Minchin has kindly placed me in possession of his letter to you of the 17th instant, No. 2, on the subject of land submerged in the plans of the second and third sections of the Company's Main Canal.

2. I propose after careful investigation to address the Government on the subject, but in the mean time I trust that the Collector will receive authority to make over to me all the land not affected by the question under consideration, as contractors with bodies of laborers ready to perform the work have long been waiting the sanction of the Government at a considerable expense, and the delay is a further loss to the Company.

No. 136. ORDER THEREON, 29th January 1862, No. 69.

The Chief Engineer will observe from the Proceedings of Government No. 56, dated 24th instant, that the Collector of Kurnool has been requested through the Board of Revenue to defer the transferring of the submerged land in the second and third portions of the first section of the Irrigation Company's Main Canal. The other land included in these portions of the Canal will be made over by him to the Officers of the Company under the Orders of Government No. 18, dated 17th January 1862.

(Signed) W. H. HORSLEY, Lieut.-Colonel,
Chief Engr. and Secy. to Govt., D.P.W.
