Proceedings of the Madras Government, Public Works Department, 3rd February 1862.

No. 20. Read the following Endorsement of Lieut.-Colonel J. CARPENDALE, Acting Deputy Chief Engineer, Central Circle, dated Chepauk, 21st January 1862, No. 9,625.

Read the following letter from Captain E. HEMERY, District Engineer of Cuddapah, to the Deputy Chief Engineer, Central Circle, dated Camp Royachoti, 20th December 1861, No. 698 :—

SIR,

1. With reference to paragraph 3, Extract No. 8,260, from the Proceedings of the Chief Engineer Department Public Works, under date the 12th instant, I gladly avail myself of the opportunity of very strongly recommending Mr. Assistant Overseer Lewis for promotion to the rank of Overseer.

2. Mr. Lewis entered the Survey School in September 1855; in the month of September following, he was appointed temporary Sub-Assistant Surveyor and was employed in the Eastern Cost Canal until October 1858, when he was transferred to this District, having previously (June 1857) been promoted to the grade of Assistant Overseer.

3. Since his transfer to this District, he has performed his duties in a highly satisfactory manner; he has charge of the Rajampett Táluq where the works are numerous and very important, and I have had repeated opportunities of remarking the very efficient way in which his works are executed. He is particularly careful and correct in the preparation of his accounts, and Mr. George his range Officer gives him the highest character for zeal and intelligence.

4. In the event of my recommendation meeting with the approval of Government, I have the honor to suggest that his promotion should take effect from the date on which Mr. Overseer O'Neill's connection with this Department ceases, which will be duly reported for the information of the Chief Engineer.
