Proceedings of the Madras Government, Public Works Department, 4th February 1862.

No, 38. Read the following letter from Major H. W. RAWLINS, for Deputy Chief Engineer, Southern Circle, to Lieutenant-Colonel W. H. HORSLEY, Chief Engineer and Secretary to Government Public Works Department, dated Chepauk, 21st January 1862, No. 9,610 :—

SIR,

1 Letter from District Engineer, No. 454, dated 13th December 1861.
1 Do. for Superintendent of Marine, No. 63, dated 9th January 1862.
1 Abstract estimate.

1. With reference to the Proceedings of Government, No. 1,706, dated 12th September 1861, I have the honor to forward, for submission to Government, an estimate amounting to Rupees 155, for repairing the Flag Staff at Ootacamund, in the District of Coimbatore.

* No. 63, dated 9th January 1862.

2. In approving* of the proposed work, the Superintendent of Marine doubts the necessity for a full set of Marryat's Signals for a place like Ootacamund, where only a few flags, he believes, will be required, and the item in the estimate has been accordingly reduced from Rupees 90 to Rupees 45.

3. In the specification attached to the detailed estimate it is stated that the present ropes and stays are all rotten, and require to be renewed. The flags are also reduced to rags and unfit for further use.

4. The estimate has been examined and corrected in this Office ; the rates given in it are those prevailing in the Coimbatore District, and are moderate but sufficient to carry out the work. I request therefore that you will be good enough to obtain the sanction of Government for the immediate execution of the work, the amount, viz., Rupees 155, to be defrayed from the general funds placed at the disposal of the District Engineer, for expenditure during the current official year.

No. 39. ORDER THEREON, 4th February 1862, No. 122.

The estimate submitted with this letter is sanctioned, funds being provided in the manner proposed in paragraph 4.
