No. 652.

List of Bills received from the District Engineer Madras, for works executed on emergency, submitted for the sanction of Government.

Audit No.	Date of Bill.	Description of work.	Amount. Rs.	A.	P.	To what year's expenditure appertains.	Remarks.
	1860.						
58	Oct. 31st,	Repairing the Cantonment Hospital at the Mount, being a final Bill	101	11	5	1860-61.	These works were undertaken on emergency at the request of the Station Staff Officer. The irregularity of the proceeding was pointed out to the District Engineer, who has been informed that the fact of repairs and additions being asked for by Officers Commanding stations gives no authority to the District Engineer or Executive Officer of the Range to undertake them if they do not fall within the rules of the Department. It will be observed from the copy of a letter from Surgeon Rawes to the Station Staff Officer, attached to Bill Nos. 58 and 59, that in addition to the repairs to the Cantonment Hospital it was suggested that a Verandah should be built to the Store room attached thereto. The District Engineer explains that this Verandah was built on a requisition from the Brigadier at the Mount, but that its cost cannot be exactly ascertained as the accounts were not kept separately for that work. The Verandah is supposed to have cost about Rupees 500.
