Proceedings of the Madras Government, Public Works Department, 7th June 1862.

No. 144. Read the following Endorsement of Lieutenant-Colonel S. O. E. LUDLOW, for Deputy Chief Engineer, Southern Circle, dated Chepauk, 17th May 1862, No. 683:—

Read the following letter from Captain L. PAXTON, Acting District Engineer, South Arcot to the Deputy Chief Engineer, Southern Circle, dated Cuddalore, 30th April 1862, No. 215.

SIR,

1. Since the changes of the boundaries of Ranges in this District made in August 1859, the first Range has become more important than the third, which has a second class Office establishment, whilst the first Range has only a third class one, I have therefore the honor to request that you will permit a change of Offices to be made.

2. The Writer of the third Range Office is at present employed in the first Range, to which it is proposed to transfer him, so that all that is necessary to complete the arrangement is to give the pay of a second class Range to the Head Accountant of the first Range, and that of a third class Range to the Accountant of the third Range, who is of less service than the Accountant of the first Range. This arrangement was proposed by Captain Foord and would have been recommended by him, but he thought that the change would be best made at the close of the year.

---

1 Original letter, No. 215, dated 30th April 1862.

Submitted to Government with a recommendation that the proposition of the Acting District Engineer, South Arcot, for converting the No. 1 Range Office Establishment from a third into a second class and the No. 3 Range from a second into a third class, may be sanctioned. The above changes will entail no additional expense to the State.

(Signed) S. O. E. LUDLOW, Lieut.-Colonel,
For Dy. Chief Engr., in charge of Southern Circle.

No. 145. ORDER THEREON, 7th June 1862, No. 1,288.

1. The arrangement proposed in this letter of raising the Establishment of No. 1 Range of the South Arcot District from a third to a second class, by reducing that of No. 3 Range from a second to a third class is approved.

2. The proposition to reduce the salary of the Head Accountant of the third Range appears arbitrary, and the Government consider that the better plan would be to transfer him to No. 1 Range, where he would receive the same salary as he now draws, and the Accountant of No. 1 Range to No. 3.

3. The Orders of Government sanctioning the Range Establishments of the South Arcot District as they stand at present should have been quoted by the Deputy Chief Engineer, Southern Circle, in submitting the foregoing application.

(Signed) W. H. HORSLEY, Lieut.-Colonel,
Secretary to Government.

Sir,

Since the changes of the boundary of Ranges in this District made in August 1859, the 1st Range has become more important than the 3d, which has a 2nd Class Office Establishment, whilst the 1st Range has only a Third Class one, I have therefore the honor to request, that you will permit a change of Offices to be made.

2 The writer of the 3d Range Office is at present employed in the 1st Range, to which it is proposed to transfer him, so that all that is necessary to complete the arrangement is to give the pay of a 2d Class Range to the

Head

Asst Accountant of the 1st Range, and that of a 3rd Class Range to the Accountant of the 3rd Range, who is of less service than the accountant of the 1st Range. This arrangement was proposed by Captain Ford and would have been recommended by him, but he thought that the change would be best made at the close of the Year.

Recommended for sanction the proposition of the Acting District Engineer South Arcot for converting the No 1 Range Office Establishment into a 2d Class and the No 3 Range into a 3d Class.

Write Govt order No 1288 - 7 June.

C 22 May No 28 C.E.

No 1288.

The arrangement proposed in this letter of raising the Establishment of No 1 Range of the South Arcot District from a third to a second class, by reducing that of Number 3 Range from a second to a third class is approved.

The proposition to reduce the salary of the Head Accountant of the third range appears arbitrary, and the Govt consider that the better plan would be to transfer him to No 1 Range where he would receive the same salary as he now draws
