MADRAS RECORD OFFICE.

Government of Madras.

Public Works **DEPARTMENT.**

G.O. No.	1299	Press / Mis.
166-167.		
Dated	9-6-	1862.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 9th June 1862.

No. 166. Read the following letter from Lieutenant-Colonel S. O. E. LUDLOW, Deputy Chief Engineer, Northern Circle, to Lieutenant-Colonel W. H. HORSLEY, Secretary to Government, Public Works Department, dated Chepauk, 14th May 1862, No. 301/N 65:—

SIR,

Extract Minutes Consultation No. 1,181, dated 18th June 1857.
Extract Minutes Consultation No. 1,613, dated 1st July 1859.
Extract Minutes Consultation No. 2,494, dated 23rd November 1858.

1. I have the honor, with reference to the Orders of Government marginally noted, to forward for their inspection the "Irrigation Registers" of the Nellore District, for the quinquennial periods embracing Faslis* 1261 to 1265, and 1266 to 1270.

* (1851 to 1855.)
(1856 to 1860.)

2. The Collector of Nellore being of opinion that the form laid down some five years ago was inaccurate, addressed Government on the subject, who in their Order marginally noted requested adherence to the original form, and returned to that Officer the Register for Faslis 1261 to 1265.

No. 1,843, dated 7th October 1861.

3. The Registers for these two Faslis have been now submitted by the Collector, through the District Engineer, on repeated requisitions from this Office; and I beg that Government will be pleased to pass them in their present state, though they are not bound, and the name of the Táluq has not been continued from page to page, until a fresh Táluq occurs, as should have been done; but this may be accomplished after the approval now solicited has been accorded.

No. 167. ORDER THEREON, 9th June 1862, No. 1,299.

1. Sufficient care does not appear to have been bestowed in the preparation of the two Registers submitted with this letter.

2. The sheets are stitched lengthwise instead of being folded and sewed in the middle in the book form.

3. The Index should have been prepared in double columns as directed by Government.

4. The Nos. given to the villages appear to be consecutive instead of those in the Revenue accounts.

5. Alphabetical order is observed in the entry of the villages in the body of the Register. The arrangement should be as prescribed in the form.

6. It is nearly six years since the instructions for the preparation of these Registers were issued, and it was just as easy for the Collector to prepare them in accordance with the wishes of Government as in the form in which they are now sent up.

7. The Registers will be returned to the Collector, with instructions to supply the omissions pointed out both by Government and the Deputy Chief Engineer, and to re-submit the same for the approval of Government at an early date.

(Signed) W. H. HORSLEY, Lieut.-Colonel,
Secretary to Government.

One Enclosure. Returned No 301

Forwarding for the approval of Government the "Irrigation Registers" of the Nellore District for the quinquennial periods embracing Fasl 1261 to 1265 and 1266 to 1270.

No 1299.

Sufficient care does not appear to have been observed in the preparation of the two Registers submitted with this letter.

The Sheets are sketched longitudinally instead of being folded and sewed in the middle in the Book form.

The Index should have been prepared in double columns as directed by Government.

The Nos given to the Villages appear to be consecutive instead of those in the Revenue accounts.

A Alphabetical order is observed in the entry of the Villages in the body of the Register. The arrangement should be as prescribed in the form.

It is nearly six years
