Proceedings of the Madras Government, Public Works Department, 10th June 1862.

No. 196. Read the following Proceedings of the Madras Government in the Military Department, dated 27th May 1862, No. 1,908 :—

Sanctioning the estimate of Rupees 260 for constructing a temporary Shed for the protection of the Transit Carts employed by the Commissariat Department at Trichinopoly. (Vide Military Proceedings, 27th May 1862, Nos. 533-534.)

No. 197. ORDER THEREON, 10th June 1862, No. 1,314.

1. Communicated to the Deputy Chief Engineer, Southern Circle, for information and guidance. The work will be executed from the General Funds of the Trichinopoly District for 1862-63.

2. The Government consider that much confusion is likely to result by the arrangement proposed by Lieutenant-Colonel Outchterlony, of submitting several small projects in one list, as in many cases the estimates have in the first instance to be referred to other Departments of the Secretariat for consideration, and it is not probable that every estimate included in a list will relate to works connected with one particular Department. There would also be confusion in the matter of funds, some being recommended for execution from the General Funds of a District and others from the Public Works Reserve.

Secretary to Government.

I have the honor to submit for sanction, an Estimate amounting to Rupees 260, for constructing a temporary Shed for the protection of the Transit Carts employed by the Commissariat Department at Trichinopoly.

2. It has been prepared on the requisition of the Officer Commanding the Division, and has been approved* of by His Excellency the Commander-in-Chief.

**No.* 3448, *dated* 5*th May* 1862, *from the Quarter Master General.*

3. The amount to be allotted from the Reserve Fund for 1862-63.

4. I beg to enquire whether it is absolutely necessary to address a separate letter to Government in submitting such an Estimate as this. It would save much time and also Stationery, if similar small projects at the same Station could be included in one List, and described in one letter; as in the case of the Estimate (Rupees 163) for a watering Trough for the Royal Artillery at Trichinopoly, submitted with my letter preceding this present communication.

Referred to the Military Department for consideration. Orders will hereafter be passed on paragraph 4 of the Acting Deputy Chief Engineer's letter.
