## *Proceedings of the Madras Government, Public Works Department, 12th June 1862.*

No. 224. Read the following letter from Lieutenant-Colonel J. CARPENDALE, Principal Civil Engineering College and Government Superintendent and Controller Madras Pier, to Lieutenant-Colonel W. H. HORSLEY, Secretary to Government, Public Works Department, dated Chepauk, 9th June 1862, No. 114:—

SIR,

I have the honor to report for the information of Government that I am desirous of passing the vacation of the Civil Engineering College at Bangalore, and request the favor of the sanction of Government being accorded for my being relieved of the office of Superintending Engineer of the Madras Pier, the charge of which is at present merely nominal or I might hesitate to ask to be relieved. The refitting of the planking is now nearly completed, and then the Pier will be as much finished as it can be until the iron caps for the corner fender piles of the Pier head are furnished: the screw moorings supplied, the rails which are still wanting furnished, and the railings (iron stanchions and chains) around the Pier head put up; which latter piece of work, I may remark, the Contractor's Agent does not admit is provided in the Contract, and declines to supply.

---

No. 225. ORDER THEREON, 12th June 1862, No. 1,327A.

Under the circumstances stated, the Government consent to relieve Lieutenant-Colonel Carpendale of the office of Superintendent and Controller of the Madras Pier, and resolve to appoint Lieutenant-Colonel Hitchins, District Engineer Presidency, to that duty.

(Signed) W. H. HORSLEY, Lieut.-Colonel,
*Secretary to Government.*
