Proceedings of the Madras Government, Revenue Department, 30th January 1862.

No. 276. Read the following Proceedings of the Board of Revenue, dated 20th January 1862, No. 451 :—

Read the following letter from W. M. CADELL, Esq., Collector of Tanjore, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, Chepauk, dated Vellum, 15th October 1861, No. 343.

SIR,

1. With reference to the Board's Proceedings of the 10th August last, No. 4,336, I have the honor herewith to forward, in a separate packet, three* rough sketchs.

* By banghy.

I. Showing the accommodation afforded in the present Táluq Kacheri at Kadambadi.

II. A plan of the building lately occupied by the Industrial School at Negapatam, and the manner in which it is proposed to be appropriated as a Táluq Kacheri, &c.

III. A sketch of the Town showing the relative position of the various buildings, and of the present and proposed Táluq Kacheries.

2. With regard to the use to which the buildings at Kadambadi may be turned in the event of the proposal I have made being approved, I beg to state that the buildings in question might be adapted for the Courts of the Negapatam Zillah, and which are now temporarily held at Tranquebar. The buildings are, however, for the most part so very dilapidated that they are scarcely worth being repaired, and parts of them, such as that occupied as an Hospital, have long been condemned by the Department of Public Works as unsafe and incapable of repair.

In Cons. 9th August 1861, No. 5,032.

1. Ordered to be submitted to Government, with reference to their Proceedings, dated 8th August 1861, No. 1,590, Revenue Department.

2. The position of the buildings to which it is proposed to transfer the Táluq Kacheri, is doubtless very superior to that now occupied. The buildings of the present Kacheri seem also, from the Collector's description, to be so dilapidated as to be unfit for further occupation, and under these circumstances, the Board cannot but consider the proposed change very desirable.

3. Some expense will have to be incurred in fitting the buildings of the late School for the purpose to which it is proposed to devote them, but this will probably be much less than the cost of repairing the present ruinous Kacheri, and should not, therefore, prevent the measure.

(Signed) W. HUDLESTON, *Secretary.*

No. 277. ORDER THEREON, 30th January 1862, No. 141.

Referred to the Public Department in view to its being ascertained whether the building in question is required for Educational purposes.
