Explanatory memo.

- Settlement 1. The small out-turn in Salem, is owing to the field work drawing to a close.
2. The extent of Demarcation accomplished in Nellore in this month, is in excess of the work of the previous year. The Gamabandy is still in progress, but the Assistant District Officer in charge of this Party has, in communication with the Sub Collector, arranged, that the settlement operation should be as little interfered with as possible.
3. In the Pudukottah District, the standard has been more than fully attained, both in Demarcation and Classification. The former was facilitated in the Pudukottah by the ease with which stones were procured for marks.
4. In the Tirunelveli District, it would have been impeded by the difficulty of clearing lines through the jungle, and by the necessity of altering the

the former demarcation in consequence  
of the irrigation Canal passing through  
it.

5. In the Mysore, the work is  
being wound up, and the area is given  
will be brought to account in the  
next Return. In Coimbatore the  
out-turn is proportionate to the  
Establishment employed in field  
work.

6. A Supplemental Report for  
January containing the particulars  
of the work during that month in  
Coimbatore and Mysore is forwarded  
as promised in para 5 of last month's  
Memo.

7. In the Salem District the Survey  
is a slight increase in the amount of  
work turned out by the Survey Party in  
this month, notwithstanding the unhealthy  
climate of the Sheravoy Hills. Some of  
the Amis were also employed in the  
Office.

8. In the Goavoy District and  
Nellore District, the field Establishments  
were employed chiefly in taking former  
Measurements and in Office, and consequently  
the

the out-turn is small.

9. The Mysore Survey Party is  
chiefly employed in measuring the  
Coffee estates. The out-turn in Coimbatore  
is in proportion to the number of Amis  
employed.
