Remarks on the Season

Northern. Rain fell in these Districts. In Ganjam the Paddy crops were promising well; Indigo is not cultivated; but land was being prepared for cotton. In Vizagapatam the Paddy crops had suffered from want of sufficient rain; cotton was being sown. In the Godaver and Kistnah Districts the crops were generally flourishi In the former District the season for planting Cotton had hardly commenced; very little Indigo is cultivate

In the Kistnah District the cultivation of Cotton and Indigo had fallen off, from the failure of rain in the months of August and September; the few crops raised were however in good condition. In Nellore a small extent of wet lands had been brought under the plough, and Dry lands had been ploughed for Jonna and other crops. The Prices of grain were high in these Districts except in those of the Kistnah and Nellore. Small-pox was prevalent in these Districts, except in Ganjam and Vizagapatam. Cattle had suffered from murrain in all the Districts.

Ceded Districts. There was rain in these Districts. In certain Talugs of Cuddapah Veragoo and Horse-gram had been sown on Dry land, and Raggy on Garden land; there is a large decrease in the Cotton and Indigo Cultivation, which is chiefly owing to the failure of rain; the Indigo on lands irrigated by wells was in good condition; the Indigo and Cotton grown on dry lands were suffering from drought. In Bellary the cutting of the earlier dry crops had begun. In Kurnool most part of the early crops had been harvested. In Bellary and Kurnool the Cotton and Indigo crops were in a thriving condition. Small-pox, Cholera, fever, ague and cattle murrain prevailed in parts of Cuddapah.

East Centre. Rain fell in these Districts. In Madras wet lands were partially cultivated; in some places the

the crops were withering from want of water; the Indigo crops were also withering from want of rain. In North Arcot Horse-gram, Ooloondoo and green gram had been sown in dry land; the crops on the ground had in some places, either partially or wholly perished; little or no Cotton is produced in this District, and the cultivation of Indigo is carried on to but a limited extent. In South Arcot cultivation was progressing; a considerable extent of land was sown with Cotton and Indigo. Prices of Grain continued high in the Madras District.

Cauvery. There were slight showers of rain in these Districts. In Tanjore the freshes in the river were very low, the want of water had seriously affected the Cultivation of Sumbapeshanum; the extent of Cotton and Indigo cultivation had increased and was in a thriving condition. In Trichinopoly the crops throughout the District were generally in a fair condition; Sumba was being harvested in the irrigated Nunjah lands. Cholera prevailed to a very slight extent in parts of Tanjore.

Southern. Slight showers of rain fell in these Districts. In Madura the crops were generally not in a thriving condition; the nunjah cultivation was going on in proportion to the scanty supply of water. In Tinnevelly the early nunjah and Punjah crops were in a good condition. In these Districts the decrease of Cotton cultivation was owing to the deficiency of early rains.

Fever prevailed in parts of Tinnevelly, and Cattle suffered from murrain in Madura.

West Centre. There was slight rain in these Districts. In Coimbatore the Punjah crops were suffering, and in many places lands ploughed were left unsown from want of rain; wet crops were in a good condition. In Salem dry lands in all the Talugs were sown with Horse gram, Coloondoo, cholum and other dry grains; cotton cultivation was progressing in some Talugs. Fever prevailed in parts of Salem.

West. Rain fell in these Districts. In North Canara the harvesting of the first rice crop had commenced in all the Talugs. In South Canara the sowing of the second rice crop had been nearly completed, and that of dry grains was progressing. In Malabar the agricultural operations for the second Paddy crop were nearly finished; the prospects of the garden produce of all kinds were not very satisfactory. Ague and Murrain prevailed in North Canara and small pox in South Canara.

The following statement shews the Cultivation of Indigo and Cotton, with their market prices, up to October in Fasli 1271, compared with the same period in Fasli 1270. In Bellary the extent and Assessment of Cotton cultivation entered up to October in Fasli 1271 are much less than what were shewn in the previous statements for September. The Collector has been called upon to submit a memo of the correct

correct figures and to explain the error.

Order of Government, No. 52, dated 26th January 1861.
On Board's Proceedings, No. 4,623, dated 15th September 1860.

With reference to the Order of Government, No. 666, dated the 17th instant, forwarding a copy of the Proceedings of the Board of Revenue, No. 4,716 of the 31st ultimo, I have the honor to remark that in paragraph 6 of my letter, No. 161 of the 29th August 1860, I considered that the Railway Company should pay for only so much of the material of the bund as they may require, and the Board of Revenue concurred in the opinion expressed by me.

2. In paragraph 7 of the Rules for taking up land it is laid down that:

"In the case of land provided free of charge, the materials, &c., derived from the "clearance" of the surface, which then will be at the expense of Government, will be disposed of by the Revenue Officers to the best advantage."

3. In accordance with this rule I am of opinion that, in the event of the Government deciding that the sum of Rupees 28,600 is to be paid to the Zemindar of Cavetnugger, the payment should be made on the part of Government, and that the Collector of North Arcot should be instructed to recover from the Railway Authorities only the value of the materials which they may actually use.

ORDER THEREON, 24th December 1861, No. 864.

In their Proceedings of 26th January last, No. 52, the Government, on a consideration of the opinions expressed by the Collector, the Consulting Engineer and the Board of Revenue, came to a final determination on two items of compensation demanded by the Zemindar of Cavetnugger in connection with the Vedulacheroo Tank, and called for further information on a third.

From Consulting Engineer, 29th August 1860, No. 161.

2. It was decided (1) that the value of that portion of the materials of the bund which the Railway Company would actually make use of, should be paid to the Zemindar. The amount had been estimated at Rupees 28,614-4-0, (3) that the loss actually caused by letting off the water from the Tank, while the Railway operations were going on, should be made good (by Government*) at certain rates specified, which would involve a greater or less expenditure, according as both crops or one only received injury. There was still another (2) the second point which referred to "the prospective loss of cultivation caused by lowering the bund in "question 14 feet, and constructing a calingula which would keep the water level three or four "feet below the height to which the bund would be reduced."

3. A permanent deduction of Rupees 4,000 from the Zemindar's Peshcush had been proposed by the Deputy Collector as fitting compensation on this account, but the Government agreed with the Board that there was nothing before them to show upon what calculation this estimate had been based, or in what proportions any compensation which might eventually be awarded, should be divided between the Zemindar and his ryots. They therefore directed further enquiry to be made.

4. The Board's Proceedings now under consideration furnish the information called for. The Collector considers that the ryots neither have had, nor claim to have, a voice in the matter, and that it will be difficult to bring the Zemindar to terms "unless his sole and absolute right

Sir

In continuation of my letter of the 13th instant, it is with much regret that I have again to report that no rain has fallen since that date and that the crops in the western part of the District are already beginning to suffer severely.

On the 19th instant, the weather was cloudy and over-cast and the wind strong from the northward and though I am still of opinion that the monsoon is not entirely over the total absence of rain at the time when the crops are coming into ear is a cause of serious apprehension.

Sir,

I have the honor to acknowledge the receipt of your letter of the 2nd instant forwarding copy of the Revenue Boards' instructions regarding the sale of a piece of land I had intended to purchase for a Coffee plantation on the Koondahs. On a recent inspection of this land in company of the Assistant Conservator of Forests, I find it unsuited for the purpose required, and I therefore relinquish my intention to purchase it.

I have the honor to be
Sir,
Your most obedient servant

Sir,

With reference to my former reports, I have now the pleasure to state, for the information of the Board, that it began to drizzle last evening and this morning the rain has set in steadily from the N.E.

2. Had it come 10 days or a fortnight sooner it would doubtless have been much more seasonable but as it is, it will be of immense benefit to the bulk of the Samba Pishanam crop and also in the Kadarambam parts of the District.

FINANCIAL DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from F. LUSHINGTON, Esq., Acting Accountant General; to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 13th January 1862, No. 279.

Budget and Finance Department.

With reference to the Proceedings of the Madras Government, dated the 10th instant, No. 28, I have the honor to state that the preparation of the Budget Estimates is delayed by the non-receipt of the Revenue portions thereof which are the most important. The Estimate on account of Ecclesiastical charges has also not been as yet received. Every exertion is being made to complete the Budget by this Department, but it is impossible to state when it will be transmitted to Government until it is known when this Office is to be put in possession of the Estimates now overdue.

ORDER THEREON, 14th January 1862, No. 40.

Sir,

Since the date of my last repor to the Board on the prospects of the season in Tinnevelly dated the 30th December 1861 No. 587, I am truly glad to have to report, that we have had a most seasonable fall of rain, which set in on the night of the 4th, and has been pretty general all over the District. The great proportion of the standing crops are I trust saved, a portion however in the Northern Talugs, had perished before this chang came. The price of Grain which had

been rapidly rising to almost famine
prices, fell immediately.—

Public.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Dated 17th January 1862, *No.* 22.

The Honorable the Governor in Council is pleased to authorize the sum of Rupees 100 (for which a Treasury Order will be issued) being placed at the disposal of the Secretary to Government in the Public Works Department, in order to provide for the payments of Contingent and Telegraph charges. The amount will be drawn and accounted for in the manner explained in the Memorandum recorded in the Order of Government, dated 14th April 1855, No. 420, Revenue Department, in regard to the Contingent charges of that Department. The actual charges of the Department for the remaining months of 1861-62 will be debited to the provision made in the Budget for that year in one sum for the Revenue and Public Works Departments of the Secretariat.

JUDICIAL DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from W. J. RAYNOR, Esq., Officiating Civil Paymaster; to T. PYCROFT, Esq., Chief Secretary to Government, Fort Saint George, dated 17th January 1862, No. 22.

General Department.

With reference to paragraph 5 of the Proceedings of Government, No. 23, dated 8th instant, I have the honor to state that, the Government of India in their Orders, No. 10,965, dated 9th August 1861, have directed the "abolition of the 'Uncovenanted List' on the understanding that it will be prepared by a private printer and verified in the Civil Paymaster's Office without cost to the State." It is not clear whether the Return in question is to be prepared in any particular form, and I have addressed the Financial Secretary to the Government of India for instructions on the subject, on receipt of which I shall be able definitely to state whether the Lists A, B and C can be dispensed with. So far as I am aware these Returns are not of much use now.

ORDER THEREON, 29th January 1862, No. 114.
