From the Acting Deputy Chief Engineer in charge Southern Circle, Chepauk, 9th June 1862, No. 9; to the Secretary to Government, Public Works Department.

With reference to the accompanying correspondence, * I have the honor to solicit sanction for an immediate outlay of Rupees 1,100 by the District Engineer, Malabar, on two minor works which appear very essential to the comfort of the Officers of the Detachment of European Infantry quartered in Calicut, viz., a covered way, or passage to communicate between the Officers' Quarters and the Mess House, and a protection against the heavy monsoon rains by means of "Tatties" to be constructed round the building.

2. The cost could, I presume, be met from the General Funds at the disposal of the District Engineer, pending the removal of the restriction on grants from the Reserve Fund.

Referred to the Military Department for consideration.
