Public works DEPARTMENT.

G.O. No. 2607	Press Min.
3-9	
Dated 17. 11. 1862.	

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
1st November 1862.*

No. 3. Read the following letter from Lieutenant-Colonel R. STRACHEY, R. E., Secretary to the Government of India, Public Works Department, to the Secretary to the Government of Fort Saint George, dated Fort William, 2nd October 1862, No. 3,870 :—

SIR,

In continuation of this Office No. 1,728 of the 9th May last, I am directed to enclose a letter No. 1,088 of the 12th instant, from the Military Finance Department, on the subject of the extra Establishment for the seven wells water works attached to the Garrison of Fort Saint George, and the head of accounts to which the expenditure and income on account of those works properly belong; and to remark that it is obviously wrong in principle to place the charges and the income arising from these works under different heads. If the income is credited to the Military Department, as seems to be the case, the charges too must be placed against that Department, and the Public Works Department, relieved accordingly.

From the Military Finance Department, to the Secretary to the Government of India, Financial Department, Calcutta, No. 1,088, dated 12th September 1862.

1. I have the honor to acknowledge receipt of the Proceedings of Government in the Financial Department, No. 4,632 of the 4th July last, regarding the extra establishment for the seven wells water works, attached to the Garrison of Fort Saint George.

2. In these Proceedings it was stated, that Government has no means of judging of the correctness of the view of the Military Finance Department (conveyed in paragraph 204 of this Department's report No. 8,335, dated 22nd April) regarding the Department to which the charges on account of the seven wells properly belongs. A reference was accordingly made by this Department to the Controller of Military Finance, Madras, on the subject.

3. In his reply that Officer states, that the receipts of the seven wells are *now* credited to the Military Department as a set off against the charges for establishments, &c., which the Madras Government directed in their order No. 516, dated 21st March 1862, should be defrayed wholly by the Military Department.

4. It is estimated that the consumption of water by the Military is about 9,964½ tons per mensem, while 5,229½ tons are consumed by certain Civil Departments, the public and the shipping.

5. The Military Department receives credit in the Public accounts for the water supplied to the Civil Departments, the public and the shipping, at the rate of 2 Annas per ton, the supplies to Departments being debited to them in the Public accounts, while the proceeds of the sales to the shipping and the public are paid to the credit of the Military Department in the Madras Bank.

6. As it might not be expedient to divide the cost of the establishment, &c., between two Departments, I would not recommend any change of the present system, though it swells beyond Military requirements the Military Budget. It is preferable, as a matter of arrangement, that the Military Department should be content with the proceeds of the sales of water as a set off against the extra charge.

No. 1,089.

Copy of the foregoing forwarded to the Secretary to the Government of India, Public Works Department, in continuation of this Department's letter No. 10,964, dated 29th April.

Secretary to Government.

From the Military Finance Department
to the Secretary to the Government of India,
Financial Department, Calcutta, N^o 10888
Dated 12th September 1862

I have the honor to acknowledge
receipt of the Proceedings of Government in
the Financial Department, N^o 4632, of the
11th July last, regarding the Extra Establish-
ment for the seven Wells Water Works attach-
ed to the Garrison of Fort St George.

2 In these Proceedings it was stated
that Government has no means of judging
of the correctness of the view of the Military
Finance Department (conveyed in paragraph
of the Department's report, N^o 8335, dated
22nd April) regarding the Department to
which the charge on account of the seven
Wells properly belongs. A reference was
accordingly made by this Department
to the Controller of Military Finance, Madras,
on the subject.
