*Proceedings of the Madras Government, Public Works Department,
1st November 1862.*

No. 11. Read the following :—
Provision in Estimates for cost of the Police maintained from the Municipal Funds.

CIRCULAR No. 180.

BUDGET AND FINANCE DEPARTMENT.

From H. A. MANGLES, Esq., Acting Accountant General, to all Collectors, dated Fort Saint George, 23rd October 1862.

SIR,

1. I have the honor to communicate copy of the Proceedings of Government of India in the Financial Department dated 21st ultimo, No. 420 a, and to request that you will be good enough to provide in your Budget Estimate for 1863-64, Part II, for cost of the Police maintained from the Municipal Funds in your District, which is not included in that of the New Mofussil Police.

2. In the event of your Budget Estimate for 1863-64, Part II, having been forwarded to this Office you will be pleased to furnish a separate Estimate for such Municipal Police.

To the Secretary to Government, Public Works Department, for information.

Extract from the Proceedings of the Government of India, in the Financial Department, dated 24th September 1862, No. 420 a.

The Inspector General observes that there is a tendency, "when a diminution of Police expenditure is ordered by the Government of India, to render this as easy as possible by saddling the municipalities with the payment of additional Police, and thereby effecting rather a transfer of cost than a decrease of it. Now, the number of Police maintained by municipal sources is not at present shown under the Budget Estimates, and consequently we lose trace of the numbers actually employed. The numbers all over India must be considerable, so much so that I dare say our returns exhibit several thousands of men less than we have really in employment.

"There is no reason why this should be, for the men are generally a part of the force and ought always to be so, and are subjected to the same rules as regards pay and organization. Hence I would urge that in future all such Police be included in the Regular Police Force under each Government, and credit taken for the contributions received from the different municipalities, as well as from other sources."

His Excellency the Governor General in Council is pleased to approve of this suggestion.
