*Proceedings of the Madras Government, Public Works Department,
1st September 1862.*

No. 24. Read the following letter from Mr. B. DAVIES, to Colonel W. I. BIRDWOOD, R. E., Secretary to Government, Public Works Department, dated 1st September 1862 :—

Sir,

1. I have the honor to request that you will be good enough to obtain the sanction of Government to my making use of the Pier for the launching of a Boat which I have built for passenger traffic between the shipping and the pier.

2. I have spoken to the Government Controller of the Works, and as that gentleman has no objection to the arrangements I trust that Government will be pleased to allow the Cranes to be used in hoisting and lowering the boat under the supervision of Mr. Flockhart, the Superintendent of the Presidency Workshops, there being I believe no efficient staff appointed to work the machinery.

3. The boat which is clinker built has cost now upwards of seven hundred Rupees ; she is very light, and if taken through the surf would I fear be much injured.

No. 25. ORDER THEREON, 1st September 1862, No. 2,085.

Referred to the Superintendent and Controller of the Madras Pier for early report after communicating with the Agent on the subject.
