PROCEEDINGS OF THE MADRAS GOVERNMENT

Read the following letter from Lieutenant-Colonel J. CARPENDALE, Acting Deputy Chief Engineer, Central Circle, to Lieutenant-Colonel W. H. HORSLEY, Chief Engineer and Secretary to Government, P. W. D., dated Chepauk, 24th January 1862, No. 9,788 :—

SIR,

Military Department No. 4,712, 20th December 1861, paragraph 3.
1 Letter from the District Engineer Presidency, No. 1,983, dated 14th January 1862, with one enclosure.

1. In the order of Government as per margin, it is observed that the protection of the water cistern on the North Esplanade is not a legitimate duty for the Military force, and the Sepoy Guard is directed to be withdrawn, and the Department concerned required to engage a Police guard, or make other suitable arrangement.

2. The cistern, as a portion of the Seven Wells water-works, is under the charge of the District Engineer of the Presidency, and the order of Government having been communicated to him, he reports that he is unable to make any arrangement as he has no funds for the purpose.

3. The Establishment under his orders consists of Conicopolies and Cock-turners, together with the Pecottah-men for raising the water at the Seven Wells. As a temporary arrangement, a Conicopoly and the Cock-turners are required to take charge of cistern during the day, and three Pecottah-men from the Seven Wells to sleep on the spot at night; but it will be requisite to obtain the sanction of Government to the entertainment of eight Lascars for a permanent guard at a monthly expenditure of Rupees 50 as per margin, the expenses of which would be a permanent extra charge in addition to that reported in letter from the Central Office, No. 6,804, dated 2nd November 1861.

	Rs.
2 Lascars at 7 Rupees each....	14
6 Do. 6 „ „	36
	50

4. I must observe, however, that it is by no means desirable to entrust the cistern to a guard of the above nature. It would be difficult to prevent collusion for the private sale of the water to unauthorized parties; and the small guard of a Naigue and three Sepoys is such a trifling extra duty for the Troops in Garrison, I am induced to hope that, for the above reason, and because the cistern is maintained for the convenience of Officers and Civil servants of the State, who are not residents in the Fort, the Government may be pleased to rescind the order withdrawing the Military guard.

ORDER THEREON, 10th February 1862, No. 168.

Referred to the Military Department for consideration, with reference to paragraph 3 of Proceedings in that Department, dated 20th December 1861, No. 4,712.

Forwarded

The Deputy Chief Engineer,
Central Circle.

Sir,

In forwarding for the orders of the Chief Engineer the accompanying copy of letter from the Brigade Major No. 132 dated 13th Instant intimating to me that Government have directed the Military Guard over the water Cistern at the North Esplanade to be withdrawn and that the Department concerned is to engage Police or make any other arrangement for its protection from the 15th Instant, I have the honor to state that no arrangement can be made by me to relieve the Guard having no funds at my disposal to meet any expenditure on account of these works as already reported to you in my letters as per

Military Department
No. 5576

The Government Commissioner of Calcutta is requested to intimate to the Municipal Commissioners that the Military Guard over the water cistern on the North Esplanade will be withdrawn on the 15th instant.

2. Superintendent Police will be requested to direct that the Guard be relieved by Police on the 15th instant.

3. The Deputy Assistant Quartermaster General will cause the Guard to be relieved from the Fort on the 15th instant.

By order of the Commander-in-Chief,
H. Marshall
Lieut. Colonel
Deputy Assistant Adjutant General

To
The Deputy Assistant Quartermaster General
The Superintendent Police Police
The Government Commissioner Calcutta
Dept. Public Works
Office Chief Engineer
Fort William
for information.

In margin I beg therefore to request that steps may be taken to retain the guard

MILITARY DEPARTMENT.

No. 596

Proceedings of the Madras Government.

15th February 1862.

Read the following Paper.

From the Deputy Chief Engineer
To the Secretary to Govt. Mily. Dept.
Dated 14th January 1862
Received 20th January 1862
No. 1968 of 1861/62

I have the honor to forward herewith for the information of Government a Copy of a Letter from the Commissioner of Police dated 13th instant, stating that he does not consider the withdrawal of the Military Guard from the Water Cistern on the North Esplanade necessary.

2. I have the honor to request that the Military Guard may be withdrawn from the Water Cistern on the North Esplanade, and that some other arrangement be made to relieve the Guard.

I have the honor to be
Sir
Your most obedient Servant
(Signed) [illegible]
Deputy Chief Engineer

Pro. of the Madras Govt. P.W.D.

Referring a letter from the acting Deputy Chief Engineer Central Circle requesting the Guard for the protection of the Water Cistern on the North Esplanade.

} Received 15th February 1862 No. 88

Order. The Governor in Council is unable to rescind the Order withdrawing the Military Guard over the Water Cistern on the North Esplanade. Some other arrangement must therefore be made.

No. 4712 of 20th December 1861 para. 3.

2. It does not appear that the Commissioner of Police has been consulted as to the probable cost of a Police Guard in substitution of Military. His Excellency

Excellency in Council is of opinion that with a small, daily relieved party of the large local Police force there would be less risk of collusion for the private sale of water than with a fixed Guard of the class proposed.

3. If however the employment of the Police would be much more expensive than the arrangement suggested by Lieutenant Colonel Carpendale, Government authorize the immediate entertainment of the proposed establishment of Lascars, at a monthly cost of Rupees (50) fifty - chargeable to the Military Department which is credited with all receipts on account of water sold and directs that the item be included in the application to the Government of India under preparation in the Public Works Department for an establishment in connection with the Seven Wells Water Works.
