Oct. 11th	The excess in this case is clearly shown in the Comparative Statement herewith submitted, and the circumstances under which the items of the sanctioned estimates were exceeded by actual cost are fully detailed in the Report which accompanied it. The total expenditure has exceeded the total amounts sanctioned by 6 3/8th per cent., though it was reported to Government in a communication from this Office, dated 11th November 1861, No. 7,041, that by the time the Jail was completed the excess would amount to within 5 per cent. on the sanctioned estimate. The explanation furnished by Captain Gahagan is, in my opinion, satisfactory, and I therefore beg to recommend that the amount of the two Bills now submitted, viz., Rs. 16,159-9-8 plus Rs. 1,754-10-6, the cost of tools which has not been included in any of the former Bills, aggregating to Rs. 17,914-4-2, may receive the sanction of Government.

The excess in this case is clearly shown in the comparative Statement herewith submitted and the circumstances under which the items of the sanctioned Estimate were exceeded by actual cost are fully detailed in the Report which accompanied it. The total expenditure has exceeded the total amount sanctioned by 67 1/2 per cent though it was reported to Government in a communication from this Office dated 11th November 1861 No. 7041 that by the time the jail was completed the excess would amount to within 5 per cent on the sanctioned Estimate.

The explanation furnished by Captain Pichagan is in my opinion satisfactory and I therefore highly recommend that the amount of the two Bills now submitted, Viz. Papers 16/59. 9. 8, plus Papers 1754. 10. 6, the cost of tools, which has not been included in any of the former Bills, aggregating to Papers 17914. 4. 2 may receive the sanction of Government.
