*Proceedings of the Madras Government, Public Works Department,
11th November 1862.*

No. 209. Read the following letter from Lieutenant-Colonel S. O. E. LUDLOW, R. E., Deputy Chief Engineer, Northern Circle, to Colonel W. I. BIRDWOOD, R. E., Secretary to Government, Public Works Department, dated Chepauk, 31st October 1862, No. 445/G83: —

SIR,

1. On receipt of the Order of Government No. 2,370, dated 3rd October 1862, I addressed the Acting District Engineer, Godavery, requesting to know what action had been taken on the sanction accorded in G. O. No. 738, dated 11th April 1862, to an expenditure of Rupees 300, for the purchase of Photographic chemicals, to admit of views being taken by Lieutenant Thompson of the Engineers of the large and important works of irrigation in the Godavery District.

2. The reply of that Officer I now beg to forward, with reference to Item No. 21* of the "List of Orders, &c., remaining unanswered by my Department," and from it you will observe that the inclemency of the weather and the ill-health of Lieutenant Thompson, have both combined to render abortive the attempt that has been made to comply with the wish of the Secretary of State, as conveyed in Order of Government, No. 1,021, dated 16th May 1860.

3. The Acting District Engineer hopes to have some good Photographic views ready next month, and when received by me they shall be duly transmitted to Government.

From Major J. F. STODDARD, Acting District Engineer, Godavery, to Lieutenant-Colonel S. O. E. LUDLOW, Deputy Chief Engineer, Northern Circle, Madras, dated Dow-laishwaram, 20th October 1862, No. 452.

SIR,

In reply to your letter No. 467, dated 13th October, I have the honor to state that owing to the inclement state of the weather for the last four or five months, and the severe illness of Lieutenant Thompson of the Engineers, he has not been able to take more than one or two views of the works. I hope next month when the Anicut and other works will be better observed, the freshes having passed off, to have some good photographic views ready for transmission to Government.

No. 210.

ORDER THEREON, 11th November 1862, No. 2,710.

Ordered to be recorded.
