No. 10,503.

List of Bills received from the Executive Engineer Bangalore, for works executed on emergency, submitted for the sanction of Government.

Audit No.	Date of Bill.	Description of works.	Amount.			To what year's expenditure appertains.	Remarks.
	1861.		Rs.	A.	P.		
129	Oct. 26th...	Repairing roof of European Infantry Barracks in the Cantonment of Bangalore.	1,062	0	9	1861-62.	The Executive Engineer explains that these repairs were undertaken under the instructions of the Officer Commanding the Division under paragraph 12, Clause I, Chapter XXIV of the New Code, and that when commencing the work he had no idea the cost would be so great. He adds that in the case of this building it was difficult to foresee what work was actually necessary. It leaked nearly all over, and the tiles required shifting here and there and it was found almost impossible to make an approximate estimate. Hence the reason why the limit of Rupees 500 has been exceeded. Heavy rain fell since the repairs were executed, and the building did not leak.
128	Do.	Repairing, whitewashing and plastering inside the whole of buildings attached to old Dragoon Barracks in the Cantonment of Bangalore.	417	11	8	1861-62.	The first part Bill of Rs. 656-0-3 for this work was sanctioned by Government in Proceedings dated 23rd November 1861, No. 2,165. The Government have already been informed that this work was necessary as affecting the health of the Troops.

No. 344. ORDER THEREON, 20th February 1862, No. 274.

1. The Bills are sanctioned.

2. The explanation given for transgressing the rules relating to emergent repairs is by no means satisfactory. A careful examination of the buildings before the repairs were commenced would have enabled the Executive Officer to have ascertained their probable requirements. This is the second time within a very short period the Government have had to remark on Captain Mayne's inattention to the rules laid down for his guidance, and they hope it will be the last.
