*Proceedings of the Madras Government, Public Works Department,
4th December 1862.*

No. 91. Read the following letter from Lieutenant-Colonel J. OUCHTERLONY, R. E., Deputy Chief Engineer, Southern Circle, to Colonel W. I. BIRDWOOD, R. E., Secretary to Government, Public Works Department, dated Madras, 15th November 1862, No. 91 :—

SIR,

With reference to G. O. No. 2,657, dated 5th November 1862, I have the honor in submitting a letter from the District Engineer of South Arcot (No. 123, dated 11th November 1862), to state that I consider that Officer's suggestion regarding the gravelling of the Mercanum Salt Platforms well worthy of adoption, and I trust Government will be pleased to sanction its being acted upon at once. Government will observe that the expenditure on the Salt roads during 1861-62 was greater than was at first conceived, owing to the Local Fund having furnished for the purpose a sum of Rupees 3,468. The further repair of these roads is also being proceeded with at the present time in South Arcot.

No. 92. ORDER THEREON, 4th December 1862, No. 2,902.

The Governor in Council approves of the proposal to gravel the Mercanum Salt Platforms, and requests the Deputy Chief Engineer, Southern Circle, to submit an estimate for the work.

(Signed.) W. I. BIRDWOOD, Colonel, R. E.,
