*Proceedings of the Madras Government, Public Works Department,
16th December 1862.*

No. 314. Read the following Proceedings of the Madras Government in the Educational Department, dated 8th December 1862, No. 425 :—

Declining to sanction the estimate of Rupees 7,100, for the erection of railings to separate the compound of the Medical College from that attached to the General Hospital. } (Vide Educational Proceedings, 8th December 1862, Nos. 9-10.)

No. 315. ORDER THEREON, 16th December 1862, No. 3,015.

Communicated to the Acting Deputy Chief Engineer, Central Circle, for information and guidance.

(Signed.) W. I. BIRDWOOD, Colonel, R. E.,
Secretary to Government.

EDUCATIONAL DEPARTMENT.
PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter from Captain E. HEMERY, R. E., Acting Deputy Chief Engineer, Central Circle; to Colonel W. I. BIRDWOOD, R. E., Secretary to Government, Public Works Department, dated Chepauk, 3rd November 1862, No. 323.

P. W. D., No. 227, dated 25th September 1862.

- 1 Letter from the District Engineer, Presidency, No. 1,675, dated 21st December 1860.
1 Do. from the Principal Inspector General Medical Department, No. 2,126, dated 15th December 1860.
1 Do. from the Director of Public Instruction, No. 221, dated 2nd February 1861.
1 Sketch.
1 Estimate, Rupees 7,100.

With reference to para. 5, Order of Government, Public Department, No. 298 of the 13th September 1862, desiring to know what has been done in pursuance of the instructions given by their Excellencies the Governor and Commander-in-Chief to frame an estimate for enlarging and enclosing the compound of the

Medical College, I have the honor to report as follows:—

2. In September 1860 Sir Charles Trevelyan verbally requested Lieutenant Colonel (then Captain) Hitchins to prepare the estimate above alluded to; an estimate was accordingly forwarded on the 24th October to the Chief Engineer, who, on the 23rd of the following month, submitted it to the Principal Inspector General, Medical Department, for his opinion. The estimate was returned to this Office on the 5th December following, and sundry alterations proposed by Dr. Pearce were made in the position of the proposed railings to separate the Medical College from the General Hospital.

3. In Extract No. 12,221 from his Proceedings, under date the 23rd April 1861, the Chief Engineer informed the District Engineer Presidency that the subject must lie over until it was known whether any railings would be available for the Medical College after doing all that was necessary to the Government House Compound, and there the matter has been allowed to rest.

4. I now have the honor to submit for the consideration of Government a sketch of the Medical College Compound, and an estimate amounting to Rupees 7,100 for extending it and enclosing the enlarged area.

5. Lieutenant Colonel Hitchins informs me that all the railings received from England will be required for the Government House Compound, but that he will be able to procure at the Presidency railings for the Medical College at the rate entered in his estimate.

6. The amount of the accompanying estimate cannot be defrayed from the General Funds of the Presidency District on which there have, of late, been so many demands, but should Government feel disposed to expend the large sum of Rupees 7,100 on an object of comparatively small importance, I beg to suggest that an item to that effect be entered in the Budget of 1863-64.

Referred to the Educational Department with reference to the order quoted by the Acting Deputy Chief Engineer, Central Circle.

(Signed) W. I. BIRDWOOD, Colonel, R. E.,
Secretary to Government, P. W. D.

4th November 1862.

ORDER THEREON, 8th December 1862, No. 425.

His Excellency the Governor in Council is not at present prepared to sanction the expenditure of so large a sum as Rupees 7,100 in the erection of railings to separate the Compound of the Medical College from that attached to the General Hospital.
