*Proceedings of the Madras Government, Public Works Department,
16th December 1862.*

No. 322. Read the following Endorsement of the Acting Consulting Engineer for Irrigation and Canal Company, dated 26th November 1862, No. 96:—

Read the following letter from F. AGNEW, Esq., Agent Madras Irrigation and Canal Company, to Lieutenant-Colonel S. O. E. LUDLOW, R. E., in charge of the Office of Consulting Engineer for Irrigation and Canal Company, dated Madras, 17th November 1862, No. 665.

SIR,

1. I have the honor to submit for the information of Government, copy of a letter from the Chief Engineer, to the address of the Editor of the "Madras Times," in answer to a communication signed "Veritas," which appeared in that journal of the 15th ultimo, on the subject of the Muri Tank.

2. Acting upon the discretion given to me by the Chief Engineer, in regard to the disposal of his letter, I do not publish it in the Newspapers. The great object of such a communication appears to me to be the removal of any erroneous impressions which the letter of the "Times" correspondent may have created in the minds of the members of the Madras Government. This object I think will be best attained by laying the Chief Engineer's reply before His Excellency in Council.

From Lieutenant-Colonel S. O. E. LUDLOW, R. E., Acting Consulting Engineer for Irrigation and Canal Company, to F. AGNEW, Esq., Agent and Manager Irrigation and Canal Company, dated 18th November 1862, No. 201.

SIR,

1. With reference to your letter* of the 17th instant, I have the honor to inform you that I object to lay before His Excellency the Governor in Council, a letter addressed by the Chief Engineer to the Editor of the "Madras Times."

2. If the Chief Engineer is desirous of removing any erroneous impression which he conceives may have been created in the minds of the members of the Government, by articles in the Madras Newspapers, I shall be ready to lay before Government any explanation which he may think it necessary to offer, if submitted in the usual way.

3. The Chief Engineer's letter to the Editor is herewith returned.
