(Signed) H. W. RAWLINS, Major,
In charge of the Audit and Account Departments.

Central Office of Public Works,
Chepauk,
14th February 1862.

N. B.—The District Engineer explains that the words "not examined" entered in some of the bills signify that the works were not examined by an Executive Officer. They were, however, examined by a permanent member of the Department Public Works. Captain Oakes explains that owing to the heavy pressure of work in the years 1858-59 and 1859-60, it was found impossible for the Executive Officers to measure all the works carried out in those years.

No. 399.

ORDER THEREON, 25th February 1862, No. 303.

1. Under the explanations afforded, the Government sanction the bills submitted by the Officer in charge of the Audit and Account Departments of the Central Office.

2. In all cases where such is practicable, the Government expect that the Executive Officers of the Department will inspect the works within their Ranges on receiving intimation of their completion.

3. The Government observe that there has been very great delay in the submission of the bills included in the foregoing list, and they trust that every effort will be made for clearing off, as early as practicable, any arrears which may still exist in the Tanjore District.

(Signed) W. H. HORSLEY, Lieut.-Colonel,
Secretary to Government.

Submitted for the sanction of Government.

Audit No.	Date of Bill	Description of work.	Amount of Bill.	Rs. A. P.	Remarks.
