Proceedings of the Madras Government, Public Works Department, 6th March 1862.

No. 61. Read the following Endorsement of the Deputy Chief Engineer, Southern Circle, dated Chepauk, 1st March 1862, No. 11,052 :—

Read the following letter from Captain T. E. GAHAGAN, District Engineer of Salem, to Colonel W. I. BIRDWOOD, Deputy Chief Engineer, Southern Circle, dated Salem, 25th February 1862, No. 239.

SIR,

1. I have the honor to inform you that at the request of the Agent for Remounts, I have authorized Captain Clay to pull down two old stables (each containing twelve stalls), which for some time past have been in too dilapidated a state to be used, and appear to me not worth repairing.

2. The cost of removing the two stables will be about 120 Rupees ; but *Rupees* 176-8-0 have been already realized by the sale of some of the old materials, and we shall probably clear about 150 Rupees.

3. Part of one of the stables having suddenly fallen in a short time before I inspected them, I considered it advisable to pull down what remained at once, without waiting for your orders on the subject.
