G.O. No.	Press Mis.
Dated	18

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 7th March 1862.

No. 82. Read the following Proceedings of the Board of Revenue, dated 10th February 1862, No. 929.

Read again letter from the Collector of the Godavery District, dated 30th November 1861, No. 179.

(In Cons. 9th December 1861, No. 7,834.)

Read also the following letter from the same Officer, dated 18th January 1862, No. 10:—

1. I have the honor to acknowledge the receipt of the Proceedings of the Board of Revenue of the 16th ultimo, requesting, with reference to my letter of the 30th November, further information regarding the Peshkush proposed to be fixed on the villages which I suggested might be given in exchange for Dowlaishweram.

2. My intention was that the new villages should be given on the reduced amount of Peshkush, viz., Rupees 673-0-7.

3. The Statement given below will, I hope, place the matter in a clear light:—

	Beriz. Rs. A. P.	Peshkush. Rs. A. P.
Beriz of Dowlaishweram including the Sist of the Zirati lands taken up for public purposes		2,519 14 5
Deduct present Peshkush		1,505 1 4
Profit to the Zámíndár		1,014 13 1
Deduct, Sist of Zirati lands occupied for public purposes	2,519 14 5	1,505 1 4
	445 14 5	445 14 5
Do. to be given to the Inamdárs in lieu of their Ináms taken up for public purposes	386 2 4	386 2 4
	832 0 9	832 0 9
Remaining	1,687 13 8	673 0 7
Deduct proposed reduced Peshkush	673 0 7	
Net profit of the Zámíndár	1,014 13 1	
Average annual value of Uppada and Animbada		1,758 8 0
Deduct the net profit of Zámíndár on Dowlaishweram as above stated		1,014 13 1
Net value		743 10 11
Net Peshkush of Dowlashweram		673 0 7
Excess		70 10 4

Public Works Department, Public, 31st May 1861, No. 1,018.
5th October 1861, No. 1,841.
31st December 1861, No. 2,467.

	Acres.	Rs. A. P.
Zirati	144 6 6	=445 14 5
Inám	105 30 15	=386 2 4
	249 37 5	=832 0 9

1. Ordered that the above papers be submitted to Government, with reference to their Proceedings noted in the margin, relative to the compensation to be given for lands occupied for public purposes in Dowlaishweram.

2. The total extent so occupied is Acres 249-37-5, of the annual value of Rupees 832-0-9 as shown in the margin. The value of the Zirati land is the assessment due to the Pittapur Zámíndár, which has been annually remitted to the Ryots, and is therefore due by Government to the Zámíndár. The amount so due to the close of Fasli 1270, is Rupees 4,153-2-3, and the Board request that the Collector may be authorized to pay this sum to the Zámíndár.

3. The Inám lands are valued at Rupees 386-2-4 per annum, but as up to Fasli 1265 compensation was paid to the owners by the Officers of the Department Public Works, the amount to be now paid by Government to the owners in adjustment to the end of Fasli 1270, is Rupees 1,871-8-2, for which also sanction is requested.

4. The Inamdárs have elected to receive other lands in lieu of those occupied by Government, and these can be assigned to them in the same village.

5. The adjustment to be made in the Peshkush of Dowlaishweram commencing with the current Fasli is shown below :—

	Rs.	A.	P.		Rs.	A.	P.
Full Beriz of Dowlaishweram.....	2,519	14	5	Peshkush	1,505	1	4
Deduct							
Bériz of Zirati land occupied by Government.....	445	14	5		445	14	5
Do. of do. to be assigned in lieu of Inám land do. by do.....	386	2	4		386	2	4
Total.....	832	0	9		832	0	9
Remaining Beriz.....	1,687	13	8	Peshkush	673	0	7
Deduct Peshkush.....	673	0	7				
Net value to the Zámíndár.....	1,014	13	1				

The net value of the village to the Zámíndár remains as before Rupees 1,014-13-1.

	Rs.	A.	P.
Original value	2,519	14	5
Do. Peshkush	1,505	1	4
	1,014	13	1

6. If it be desired to acquire the whole village from the Zámíndár, the Collector suggests that the villages (Government) of Uppada and Animbada, which are situated in the midst of the Zámíndár's estate, be made over to him on the reduced Peshkush proposed for Dowlaishweram under the above adjustment, viz., Rupees 673-0-7.

7. The result would be a slight improvement of the Zámíndár's income as shown below :—

	Rs.	A.	P.
Annual value of Uppada and Animbada on the average of 10 years...	1,758	8	0
Deduct proposed Peshkush.....	673	0	7
Net annual value if given to the Zámíndár.....	1,085	7	5
Net annual value of Dowlaishweram.....	1,014	13	1
Gain to the Zámíndár.....	70	10	4 per annum.

8. The proposal seems fair and equitable, and if Government desire to acquire the village of Dowlaishweram, the Board recommend that the Collector be instructed to arrange the exchange on these terms with the Zámíndár, who has recently attained his majority.

(A true Copy and Extract.)

(Signed) W. HUDLESTON, *Secretary.*

No. 83. ORDER THEREON, 7th March 1862, No. 372.

Considering that so much of the village of Dowlaishweram is already occupied by public buildings, and its importance as the principal Town at the head of the Delta, the Government approve of the exchange proposed by the Collector and recommended by the Board. Orders will be issued in the Revenue Department accordingly.

(Signed) W. H. HORSLEY, Lieut.-Colonel,
Secretary to Government.

No. 7,015.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 16th December 1861.

Read the following letter from A. PURVIS, Esq., Collector of the Godavery District, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, Chepauk, dated Cocanada, 30th November 1861, No. 179 :—

1. I have the honor to acknowledge the receipt of the Proceedings of the Board of Revenue of the 3rd June forwarding the Order of Government of the 31st of the previous month, calling on me to state the result of my inquiry into the claims of the owners of the land on which certain houses, referred to in a letter from the Chief Engineer, had been built at Dowlesweram, and to explain the cause of the delay which has taken place.

2. I now beg to submit a general report on the lands taken up for public purposes at Dowlesweram since the commencement of the annicut works, and of the amount of compensation which is fairly due to the Proprietor of the village on account of the Zirati land, as it is called, that is, the land belonging to the Proprietor, as well as an account of land held as Inam. The particular spots referred to in the Chief Engineer's letter form part of these lands.

3. This report should certainly have been submitted at a much earlier date, but the lands were generally occupied as the necessity arose, without any previous reference to the Revenue authorities, and a good deal of time was taken up in ascertaining the limits, area, and the tenure on which the lands were held. I must admit, however, that the subject has been allowed to remain in abeyance far too long, and I must express my great regret that such delay should have occurred.

4. Statement No. 1 shows the extent of Zirati land occupied since the commencement of the works, or from Fasli 1257. The purposes for which the land was required are shown in the Statement. The total extent occupied being P. 18, T. 0, M. 6-6 or acres 144-6-6 paying an annual assessment of Rupees 445-14-5.

5. The village of Dowlesweram is, as the Board are aware, the property of the Minor Zemindar of Pittapur, he having inherited it from one Chintapatla Venkatarao, a relative of his mother. It has been, since Fasli 1260, under the management of the Collector as Agent to the Court of Wards. The assessment of the Zirati land occupied has been each year struck out of the demand against the Ryots, but the amount of the same has to be paid by Government to the Estate. It will be seen from column 15 of the Statement under reference that the sum due up to the close of Fasli 1270, amounts to Rupees 4,153-2-3.

6. Statement 2 shows the extent of Inam land occupied under similar circumstances. The total is P. 13, T. 4, M. 6-15 or acres 105-30-15, valued at Rupees 386-2-4 per annum. The total sum payable on this account up to the end of the past Fasli is Rupees 4,026-2-2, but, till Fasli 1265, the Officers of the Department of Public Works annually paid the compensation; the sum still due, therefore, is as will be seen from the account Rupees 1,871-8-2.

7. Statement 3 shows the total amount now to be paid, viz., Rupees 6,552-6-5. The three items added at the foot of the Statement require some remark. The first is the value of certain trees which stood on the Inam lands when taken possession of, and for which no compensation was paid at the time, but to which the Inamdars appear fairly entitled. The second† item is the estimated value of a well, which had been sunk in the land which is now occupied by the Annicut Office before it was so taken up, and for which compensation is payable. The third item is the value of the trees standing in the Inam lands belonging to three individuals which were taken up when the Cantonment for the Sappers and Miners at Dowlesweram was established. The parties received other land in lieu, but by a mistake. Sanction to pay to them the value of the trees was not at the time asked for or obtained. Under these circumstances, I have now entered this amount to which the parties are entitled.

* Rupees 388-8-0.

† Rupees 60.

8. It will be necessary either to allot to the Inamdars, whose lands have been occupied, as per Statement 2, other lands in lieu, or to pay them the value of the lands taken. They all prefer the former alternative, and lands may be given them in the same village, the Ryots being willing to relinquish the spots selected by them, and no objection to such an arrangement occurring to me, on behalf of the minor Proprietor.

9. The present Peshkash of the village in question is Rupees 1,505-1-4. If from this the assessment of the Zirati lands, as shown in Statement No. 1, and the value of the lands to be newly given be deducted, the Peshkash must be reduced to Rupees 673-10-7.

10. It has been proposed that Government should purchase the village of Dowlesweram outright, or rather give the Proprietor other land in exchange. The small villages of Uppada and Ameenabada, now in the Peddapur Taluk, have occurred to me as those which might be given. The arrangement could not, however, I apprehend, be made till the minor attains his majority, and is able to give his consent to the arrangement. The former event will take place very shortly. The villages I have referred to are isolated among the villages forming the Pittapur Estate which belongs to the same party, and situated close together on the coast, about 10 miles north of Cocanada. The average annual revenue, taking the last 10 years, has been as in the margin. The revenue of Dowleswéram in Fasli 1270 was Rupees 2,074, and if from this the value of the land to be given to the Inamdars, and the amount to which the Peshkash is proposed to be reduced, is deducted, Rupees 1,014-13-1 will be the profit to the Proprietor. If the two villages named are given without any addition to the demand on account of Peshkash, the arrangement would I think be liberal, though not more so than, under the circumstances of the case, is called for.

	Rs.	A.	P.
Uppada	960	0	0
Ameenabada	798	8	0
Total	1,758	8	0

11. It will be observed that a good deal of the land taken up in Dowlesweram has been occupied either for public buildings or for the extension of the Town and for coolies' lines. There are, however, some spots held by private parties as enclosures round dwelling houses, and all such parties should, I apprehend, be called upon to pay the assessment on the same under the head of quit rent. The Chief Engineer, in paragraph 4 of his letter to Government of the 14th May last, states that this liability is fully understood by the occupiers of the houses referred to by him.

12. Provision has been made in the Supplemental Budget for 1861-62 for the payment of such sums as those now under notice.

Enclosure No. 1.

Abstract.—Statement showing the Zirati lands occupied by buildings, roads, &c., in the village of Dowlesweram up to Fasli 1270.

Enclosure No. 2.

Abstract.—Statement showing the Inams occupied by buildings, roads, &c., in the village of Dowlesweram up to Fasli 1270.

Enclosure No. 3.

Abstract.—Statement showing the extent and Sist of Zirati and Inam lands occupied for public purposes at Dowlesweram from the commencement of the construction of the annicut or from Fasli 1267.

---

1. The Board do not clearly understand the Collector's intention as to the Peshkush proposed to be fixed on the villages suggested to be given in exchange for that of Dowlaishweram.

2. Is it to be Rupees 673-0-7, the amount to which the Peshkush of Dowlaishweram will be reduced by remitting the equivalent of the rent of lands taken up by Government, or Rupees 1,505-1-4 the original Peshkush of Dowlaishweram. The Collector's remark that if the villages are given "without any *addition* to the demand on account of Peshkush the arrangement will be liberal" has caused this doubt.

3 The Board also do not understand why in estimating the future value of Dowlaishweram to the Zemindar, the Collector has deducted the rent value of the lands to be given to Inamdars in exchange for those occupied by Government. It is evident that this amount must be made good to the Zemindar, as indeed the Collector himself proposes in paragraph 9, and the reduced Peshkush of Rupees 673-0-7 is the only charge on the revenues of Dowlaishweram which would in future have to be borne by the Zemindar.

4 Deducting this sum from Rupees 2,074, the gross rental in Fasli 1270, the net annual value to the Zemindar would be Rupees 1,400.

5. The annual value of the villages proposed to be given in exchange is Rupees 1,758-8-0, and if the reduced Peshkush proposed for Dowlaishweram be charged on them, the net income to the Zemindar will be only Rupees 1,085, so that he will lose Rupees 315 annually by the exchange. The Collector will please to re-consider his proposal.
