236-237

Dated 17 — 3 — 1862

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 17th March 1862.

No. 236. Read the following Endorsement of the Acting Deputy Chief Engineer, Northern Circle, dated Chepauk, 28th February 1862, No. 167.

Read the following letter from Captain JOHN MULLINS, District Engineer Nellore, to Lieutenant-Colonel J. OUCHTERLONY, Acting Deputy Chief Engineer, Northern Circle, dated Camp Vullur, 29th January 1862, No. 164:—

SIR,

1. On the 1st August 1859 the Government sanctioned an estimate amounting to Rupees 620 for constructing a tunnel of three vents of 3 yards span each in the 57th mile of Trunk Road No. 6. A short time since finding that this tunnel had not been built, I made a reference to the Officer in charge of the southern Range, who, in reply, states that he understood that the masonry works of this road were, in consequence of the destructive flood of 1859, to be left as they were, until a comprehensive scheme had been submitted, and that he received orders from the late Acting District Engineer to devote the sum sanctioned to the construction of a road dam in the 58th mile, but that, the money being insufficient, he could not do so.

2. I find that the late Acting District Engineer's scheme provides no additional masonry works in the 57th mile, and as the want of one has this year been again made evident, I have the honor to request permission to carry out the original sanction above referred to.

---

1 Original letter, No. 164, dated 29th January 1862.

Submitted to Government with a recommendation that sanction be given for the expenditure of Rupees 620, for constructing a road tunnel of three vents in the 57th mile of Trunk Road No. 6, in the Nellore District, in pursuance of original sanction to that effect by Government in Government Order No. 1,839 of 1st August 1859.

(Signed) J. OUCHTERLONY, Lieut.-Colonel,
Acting Deputy Chief Engineer, Northern Circle.

No. 237. ORDER THEREON, 17th March 1862, No. 448.

Sanctioned. The expenditure will be met from the General Funds at the District Engineer's disposal.

(Signed) W. H. HORSLEY, Lieut.-Colonel,
Secretary to Government.

District Engineer's Office
Camp Sudlej.
29th January 1862

From

Captain John Sullivan
District Engineer Bellary

To

Lieutenant Colonel J. Outterbony
A.g. & Deputy Chief Engineer S.C.

Sir

On the 5th August 1859 the Govern-
-ment sanctioned an Estimate amounting to
Rupees 620 for constructing a tunnel of 3 vents
of 3 yards span each in the 57 mile of Trunk
Road No 6. A short time since finding that
this tunnel had not been built, I made a
reference to the Officer in charge of the Southern
Range, who, in reply, states that he understood
that the masonry works of this road were, in
consequence of the destructive flood of 1859,
to be left as they were, until a comprehensive
scheme had been submitted and that
he received orders from the late Acting District
Engineer to devote the sum sanctioned to
the construction of a road down in the

85 mile, but that, the money being insufficient, he could not do so.

2. I find that the late Acting District Engineer's scheme provides no additional masonry work in the 57 mile and as the want of one has this year been again made evident, I have the honor to request permission to carry out the original determination above referred to.

I have the honor to be
