Proceedings of the Madras Government, Public Works Department, 19th March 1862.

No. 303. Read the following letter from Lieutenant-Colonel J. CARPENDALE, Acting Deputy Chief Engineer, Central Circle, to Lieutenant-Colonel W. H. HORSLEY, Secretary to Government, Public Works Department, dated Chepauk, 1st March 1862, No. 11,065:—

SIR,

1 Letter, dated 19th February 1862, No. 73, from the Civil Paymaster.
1 Do. dated 3rd February 1862, No. 1,892, from the District Engineer, Madras.
1 Do. dated 8th February 1862, No. 1,967.
1 Do. to District Engineer, dated 13th February 1862, No. 10,517.

1. With reference to the Proceedings of Government, dated 1st February 1862, No. 106, I have the honor to submit for orders a letter from the Civil Paymaster informing me in reply to a reference which I made to him on the subject that a moiety of a Civil District Engineer's salary, viz., Rupees 450, may be passed to Mr. J. Dopping, 1st Assistant District Engineer, in addition to the full salary (Rupees 600) of his own appointment so long as he retains executive charge of his Range and at the same time officiates as District Engineer.

2. In the accompanying letter Mr. Dopping explains why he was unable to make over his Range to an Upper Subordinate when he relieved Captain Moberly on the 11th December 1861, and I therefore recommend that the deputation allowance which the Civil Paymaster states he is entitled to, may be passed to him until he has been relieved by Mr. Sub-Engineer Maitland, who I consider can efficiently attend to the Range without in any way neglecting the work for which he was specially transferred to the District, and to whom I directed the executive charge of the Range might be made over as soon as I became aware of the arrangement that did exist.

Vide letter No. 1,967, dated 8th February 1862.

3. It will be observed that Mr. Dopping claims deputation allowance from the 11th December 1861, the date on which he assumed charge of the District from Captain Moberly, but according to the Civil Paymaster's letter of the 20th January 1862, embodied in the Proceedings of Government, dated 23rd idem, No. 49, he is not entitled to it until the following day.

No. 304. ORDER THEREON, 19th March 1862, No. 482.

1. Under the circumstances represented in the foregoing letter, and as no additional expense is involved in the arrangement, the Government permit Mr. Dopping to draw a moiety* of a Civil District Engineer's salary, in addition to the full pay† of his own appointment, during the period he may retain executive charge of his Range and officiate also as District Engineer Madras. Mr. Dopping will draw the additional allowance from the 12th December 1861.

* Rupees..... 450
† Rupees..... 600

2. The Government request that Mr. Dopping may be informed that, in accordance with Chapter IV of the New Code, the special permission of the Chief Engineer conveyed through the Deputy Chief Engineer of the Circle is necessary to enable a District Engineer to take upon himself the personal charge of any Executive duties. This order appears to have been altogether overlooked by the Acting District Engineer, Madras.

(Signed) W. H. HORSLEY, Lieut.-Colonel,
Secretary to Government.

Recommending for reasons assigned that a grant of a Civil District Engineer's Salary Rupees 450, in addition to the full Salary 600 of his substantive appointment to long as he may retain charge of his range and officiates as District Engineer.

No 482-19 March
With an order

No 482

Under the circumstances represented in the foregoing letter, and as no additional expense is involved in the arrangement, the Government permit Mr Dopping to draw a moiety of a Civil District Engineer's salary, in addition to the full pay of his own appointment, during the period he may retain executive Charge of his range and officiates also as District Engineer Madras. Mr Dopping will draw the additional allowance from the 12th December 1861.

The Government request that Mr Dopping may be informed that, in accordance with Chapter IV of the New Code, the special permission of the Chief Engineer conveyed through the Deputy Chief Engineer of the Circle is necessary to enable a District Engineer to take upon himself the personal Charge of any executive duties. The order appeared to have been altogether.
