Proceedings of the Madras Government, Public Works Department, 20th March 1862.

Read the following letters :—

No. 337. From W. J. RAYNOR, Esq., Officiating Civil Paymaster, to J. D. SIM, Esq., Secretary to Government, Public Works Department, dated Fort Saint George, 18th December 1861, No. 368.

SIR,

With reference to the Order of Government, dated 4th November last, No. 2,030, I have the honor to state that, as the promotion of Mr. Boesinger to Sub-Engineer 1st Class, in excess of the authorized scale, will involve additional expense, I am precluded from passing the increased rate of allowance to him in virtue of his promotion, without the sanction of the Government of India to the increased charge.

No. 338. From F. LUSHINGTON, Esq., Acting Accountant General, to Lieutenant-Colonel W. H. HORSLEY, Chief Engineer and Secretary to Government, Public Works Department, dated Fort Saint George, 27th January 1862, No. 297.

SIR,

1. With reference to the Order of Government, dated the 21st instant, No. 40, I have the honor to state that instructions have been issued to the Collector of North Canara to disburse, as an advance, the difference of salary, between 1st and 3rd Class Sub-Engineer, of Mr. Boesinger from the month of November last.

2. As it appears from paragraph 4 of the Chief Engineer's letter to Government, dated 1st November last, No. 6,737, that the appointment of Mr. Boesinger as 1st Class Sub-Engineer, is in excess of the authorized scale, I would suggest that the sanction of the Government of India be obtained to enable the Civil Paymaster to pass the excess charge and this Office to adjust the advance, which under the order above quoted, the Collector has been authorized to make.

No. 339. ORDER THEREON, 20th March 1862, No. 499.

1. The Government in their Proceedings, No. 1,927, dated 19th October 1861, directed the transfer of Mr. Boesinger from South to North Canara for employment on the Beitkál Harbour works; and in consideration of the more responsible duties which would thereby devolve upon him they gave him promotion to Sub-Engineer 1st Class, the salary attached to which appointment is Rupees 400 per month.

2. It appearing however, from the above papers that Mr. Boesinger's appointment to the 1st Class is in excess of the authorized scale, the Government, on a re-consideration of the subject, resolve to cancel that appointment and to promote Mr. Boesinger to the 2nd Class (in which it is understood by the Chief Engineer's letter No. 6,737, dated 1st November 1861, a vacancy exists) from the 19th October 1861. Under this arrangement the Civil Paymaster will be authorized to pass to Mr. Boesinger the salary of a 2nd Class Sub-Engineer, Rupees 300, from the above date, in addition to which he will draw an extra one hundred Rupees as a special allowance for the period he was employed on the Beitkál Harbour works previous to their transfer to the Bombay Government, the same to be paid from the estimate for those works.

3. The Government of Bombay will be furnished with a copy of these Proceedings, and it will be recommended to that Government to continue the above special allowance to Mr. Boesinger so long as he shall be employed under their orders.

Secretary to Government.
