PROCEEDINGS OF THE BOARD OF REVENUE, dated 4th July 1861.

Read the following letter from J. D. ROBINSON, Esq., Acting Collector of North Arcot, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, Chepauk, dated Palmanair, 21st June 1861, No. 125:—

1. The Board are aware that under the recent re-distribution of Establishments consequent on the complete introduction of the new Police system into this District, Sub-Magistrates have been permanently located at Tirupati and Punganur, at neither of which places is there any suitable office accommodation.

2. At Tirupati, the Sub-Magistrate now holds office in a miserable half dilapidated Pagoda, which, besides being unsuitable in every respect, cannot be entered by any low caste person whose attendance my be required before him.

3. At Punganur, the Zemindar has obligingly permitted the Sub-Magistrate to occupy a private building in the Town; but the arrangement is obviously objectionable, and could not with propriety be countenanced as other than a temporary expedient. Unfortunately no provision has been made for these wants in the annual budget, and as the matter is not one which could stand over for another year without much real inconvenience, I beg to propose that a portion of the proceeds realized from the sale of Travellers' Bungalows and other useless buildings disposed of in different parts of the District be applied to the construction of Kacheris at those two important stations. Enclosed* is the plan of a building which would provide all the accommodation required and which might be completed at a cost of from Rupees 1,000 to 1,200 each; and as the fund to which I have above alluded already exceeds Rupees 4,000, it could not I think be applied to a more useful and legitimate purpose than that now suggested. If the Board concur in the propriety of this proposition, I beg respectfully to request that they will lay it before Government at an early date in view to operations being commenced with as little delay as possible.

* To be returned.

(In Cons. 24th June 1861, No. 3,829.)

Read also the following letter from the same Officer, dated 16th July 1861, No. 157:—

I have the honor, with reference to the Board's Proceedings of the 4th instant, No. 3,495, to forward a Memorandum shewing the results of the sales of bungalows, and other public buildings in this District.

The Board fear that the proceeds of the sales referred to by the Collector cannot be appropriated in the manner suggested by him without a violation of the rules existing on the subject. They, therefore, request him to submit an emergent Estimate for the Sub Magistrate's Cutcherries required at Tirupati and Punganur, duly prepared by the District Engineer, in order that the sanction of Government may be obtained for the outlay on the sum for emergent works placed at its disposal in the Public Works Budget for 1861-62.

No. 516.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 21st January 1862.

Read the following letter from J. D. ROBINSON, Esq., Collector of North Arcot, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, Chepauk, dated Chittoor, 13th December 1861, No. 308:—

1. I have the honor, with reference to the Board's Proceedings, dated 5th September last, No. 4,824, to submit two Estimates amounting respectively to Rupees 1,220 and Rupees 1,260, for the construction of Sub-Magistrate's Cutcherries at Tirupati and Poonganoor, together with a standard plan for buildings of this description.

2. In reply to my question on the point, the District Engineer informs me that there are no funds available for this work from the Budget amount sanctioned for expenditure during the current official year, but observes that, as the sanction to commence work will arrive too late to admit of any great progress being made within the year, the bulk of the expenditure, even should operations begin shortly, will fall upon the ensuing season.

3. I have no copy of the Public Works Budget for 1861-62 to refer to; but if, as I read the Board's remarks, there be a reserved allowance for emergent works at the disposal of Government, I trust that an allotment out of it may be made towards the immediate commencement of these much wanted buildings.

SIR,

1. I have the honor to submit a plan for Sub-Magistrate's Kacheri accompanied by two estimates one amounting to Rupees 1,210 and the other to Rupees 1,260, for the construction of such buildings at Tirupati and Poonganoor in the North Arcot District.

2. The urgent necessity for the buildings is shown in the Proceedings of the Board of Revenue No. 3,495 of 4th July 1861, and in Proceedings No. 516, 21st January 1862, the Board request that the Estimates may be submitted for the early sanction of Government. They have accordingly been examined and corrected, and I now beg that sanction may be accorded for the expenditure from the Reserve Fund of the current year.

ORDER THEREON, 17th March 1862, No. 600.

The Estimates are sanctioned for immediate execution. Orders will be issued from the Public Works Department in regard to the funds.
