393-394.	
Dated 21-3-	18 62

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 21st March 1862.

No. 393. Read the following letter from Lieutenant-Colonel W. H. HORSLEY, Chief Engineer, Department Public Works, to the Secretary to Government, Public Works Department, dated Chepauk, 20th March 1862, No. 11,711 :—

SIR,

1. With reference to the Proceedings of Government, No. 430, dated 13th instant, I have the honor to explain that in proposing a re-arrangement of funds for the current official year, I did not think that the new Budget Rules should have been conformed to, as from Lieutenant-Colonel Yule's letter as per margin, I observed that the *rules* and forms circulated therewith were to be followed in the preparation of the Budget of 1862-63.

Dated 27th July 1861, No. 68, communicated in Proceedings dated 27th August 1861, No. 1,625.

2. The savings both from repairs and new works in different Districts, so far as they are known in this Office from reports received up to the present time, have all been credited to the Reserve Fund. The greater portion of the surplus funds transferred* from the Presidency was the saving effected from the repair allotment of that District. If the Budget rule quoted by Government is to be adhered to, it will be necessary to credit to the Reserve Fund the 3,000 Rupees which the Executive Engineer, Bangalore, proposes to transfer to his repair allotment from his General Funds, and simultaneously make that amount available for expenditure by the same Officer on repairs. As Captain Mayne apparently wants the funds urgently, I would propose that he be allowed to appropriate the sum in the manner suggested, the transfer being considered as made from the Reserve Fund as a set off against savings from repairs already credited to it.

* See letter No. 10,874, dated 22nd February 1862.

No. 394. ORDER THEREON, 21st March 1862, No. 527.

Under the circumstances represented by the Chief Engineer, the Government are pleased to authorize the repair allotment of the Executive Engineer, Bangalore, for the current year being increased by Rupees 3,000, the same to be transferred from the General Funds at the disposal of that Officer.

(Signed) W. H. HORSLEY, Lieut.-Colonel,
Secretary to Government.

Central Office &c.
Lucknow

No. 1171

From
Lieut.t Colonel P. A. Horsley
Chief Engineer &c.

To
The Secretary to Government N.W.P.
Fort William.

Sir,

Public.

With reference to the Proceedings of Government No. 430, dated 13th instant, I have the honor to explain that in preparing the arrangement of Funds for the current official year, which was framed for the new Budget Rules should have been conformed to, as from Lieutenant-Colonel Public Letter as per margin observed that the rules and forms circulated therewith were to be followed in the preparation of the Budget of 1862/63.

dated 27th July 1861 No. 38 Communicated in Proceedings dated 27th August 1861 No. 1625.

2. The savings both from Repairs and New works in different Districts, so far as they are known in this Office from reports received up to the present time, have all been credited to the Reserve Fund. The greater portion of the surplus

Funds

Funds transferred from the Presidency
and the saving effected from the Repair
allotment & Trial District. If the Budget
Rule granted by Government is to be adhered
to, it will be necessary to credit to the Reserve
Fund the 3000 Rupees noticed the Executive
Engineer Bangalore proposes to transfer to
his repair allotment from his general Funds,
and simultaneously make that Amount
available for expenditure by the same
Officer on repairs &c Captain Mayne
apprehending want of the Funds urgently,
I would propose that he be allowed to ap-
propriate the sum in the manner suggested
the transfer being considered to made
from the Reserve Fund as a set off against
savings from repairs already credited to
it.
