Dated 22-3- 1862.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 22nd March 1862.

No. 415. Read the following Endorsement of the Acting Deputy Chief Engineer, Northern Circle, dated Chepauk, 8th March 1862, No. 198/Kr. 30.

Read the following letter from Major J. C. ANDERSON, District Engineer, Kistna, to Lieutenant-Colonel J. OUCHTERLONY, Acting Deputy Chief Engineer, Northern Circle, dated Bezwada, 27th February 1862, No. 212:—

Sir,

Referring to my letter No. 123,* dated 19th October 1861, paragraph 33, in which a Masonry Escape† to the Commamoor Channel at Juggerlamoody, is proposed as a substitute for the temporary Dam, which is now used for the regulation of the supply of water, I have the honor to state that it is of much importance that the Estimate should be sanctioned at an early date, so as to admit of the work being proceeded with during the present dry season. If sanction is deferred till after the close of the official year it will be impossible in the month that will then be available (Canals being re-opened on 1st June), to do any thing till this time next year, whereas by commencing work in March the foundations could be laid and the superstructure carried up sufficiently high to allow of its being finished during the rains. I attach much importance to this work, as I have already mentioned in the report above referred to.

* Submitted to Government with Estimate amounting to Rupees 2,60,200, 27th November 1861, No. 7,653. The amount Rupees 3,640 forms an item in the general Estimate.—Vide paragraph 11.

† Estimate Rupees 3,640.

---

1. Submitted to Government with a request that, if possible, sanction may be granted for the commencement of the work alluded to by Major Anderson, viz., the Masonry.

1 Letter from District Engineer, Kistna, dated 27th February 1862, No. 212.

2. "Escape to the Commamoor Channel at Juggerlamoody" Kistna District, under the urgent circumstances represented in that Officer's letter, dated 27th February 1862, No. 212.

(Signed) J. OUCHTERLONY, Lieut.-Colonel,
Acting Deputy Chief Engineer, Northern Circle.

No. 416. ORDER THEREON, 22nd March 1862, No. 539.

As the Estimate in which the work asked for in the above letter is included has been approved by this Government and forwarded to the Government of India for sanction, the Government approve of the District Engineer's proposal to commence the work in question, viz., the Juggerlamoody Escape, provided he has the necessary funds at his disposal.

(Signed) W. H. HORSLEY, Lieut.-Colonel,
Secretary to Government.

No 212.

Public Engineer's Office
Nellore. 5th February 1862.

From

Major H. C. Goodwin
Executive Engineer Nellore

To

Lieut. Colonel C. Cockerell
Superintending Engineer
2nd Division
Cuddapah.

Sir,

Referring to my letter No 123
dated 19th October 1861 para 3rd, in which
a measure was alluded to the Commu-
nicor Channel at Sagerlacoor,
it proposed as a substitute for the
temporary dam, which is now
used for the regulation of the
supply of water, I have the honor
to state that it is of much importance
that the estimate should be sanctioned
at an early date, as to admit of
the work being proceeded with during
the present dry season. If sanction
is deferred till after the close of the
official year it will be impossible
in the month that will then be available
(Canals being reopened on 1st June)
to do any thing till this time next year.
