Proceedings of the Madras Government, Public Works Department, 25th March 1862.

No. 451. Read the following Endorsement of the Chief Engineer, dated Chepauk, 18th March 1862, No. 11,632.

Read the following letter from Captain R. F. OAKES, District Engineer of Tanjore, to the Deputy Chief Engineer, Southern Circle, dated Tanjore, 1st March 1862, No. 314:—

SIR,

1. In reply to Miscellaneous Circular No. XXXVI, dated 14th ultimo, I have the honor to inform you that owing to the late Mahamagam feast at Combaconum and the heavy rain which fell in the middle of February, and which was reported in letter No. 303, Executive Officers have not been able to push on with the works so rapidly as they anticipated.

Dated 24th February.

2. The original sum allotted to Tanjore was		2,20,009
* Proceedings of Government, No. 67, dated 28th January 1862.	*Sum since sanctioned	16,261
	Extra Receipts	9,012
	Total...	2,45,282

and from this a sum of Rupees 20,000 may be spared for other Districts.

3. Though works to a higher amount than Rupees 2,25,282, may possibly be expended up to 30th April 1862, it will not be possible to measure up and pay for works beyond that sum.

Submitted to Government for information. In the foregoing letter the District Engineer Tanjore, reports that he will be able to spare Rupees 20,000 for transfer to other Districts. That sum, however, is obtained by adding extra receipts, amounting to Rupees 9,012 to the sanctioned allotment, which is incorrect. It was pointed out to the District Engineer on the 24th January last, that in drawing upon the Collector in the monthly estimate for funds, the amount available from the extra receipts in hand should be taken into account, and a corresponding short draft made. Deducting, therefore, the sum of Rupees 9,012 above referred to, from the 20,000 Rupees available for transfer, a balance of Rupees 10,988, will be left which it is recommended may be credited to the reserve fund.

Sir,

In reply to Miscellaneous Circular N° XXXVI, dated 11th Ultimo, I have the honor to inform you that, owing to the Lake Maha Nagaw Track at Kombaccanai and the heavy rain which fell in the middle of February, and which was reported in Letter N° 303, Executive Officers have not been able to push on with the Works so rapidly as they anticipated.

2 The original sum allotted to Sanjiva was Rs ——— 220,000
Sum since sanctioned ——— 16,261
Extra Receipts ——— 9,012
245,282

and from this a sum of Rs 20,000 may be spared for other Districts.

3 The Works to a higher Amount than Rs 2,25,282 may possibly be expended up to 30th April 1862, it will not be possible to incur any liability for Works beyond that sum.

No 11632 18th March 1862.

Public.

Submitted for consideration, & information,
the foregoing letter from Assistant Engineer
Sanjan relative to the need to establish a
Revenue Receipt Stamp Office at Sanjan
Assistant Stamp Vendors, & distance
to the nearest Stamp Office.

Sanjan is 20 miles from Bulsar, & 30 miles from Surat.

Sanjan is a populous place, & a considerable
trade is carried on there, & the Stamp Vendors
at Bulsar & Surat are unable to supply the
wants of the people of Sanjan.

The Assistant Engineer proposes that a Stamp
Office be established at Sanjan, & that
Stamp Vendors be appointed at Umbergaon,
Nargole, & Kaparada.

The Assistant Engineer proposes that the
Stamp Vendor at Umbergaon should receive
a commission of 2½ per cent on the sales
effected by him, & that the Stamp Vendors
at Nargole, & Kaparada should receive
a commission of 1½ per cent on the sales
effected by them.

Revenue 2000.
3012.
10988.

The Revenue Receipt Stamps required
for Sanjan, & the Revenue Receipt
Stamps available from Sanjan Receipt
in Hand should be taken into Account, and
a corresponding Amount deducted from the
Quarterly Indents of the Bulsar & Surat
Agencies, & from the Bombay Head
Office Indent No 3012 published in the
Bombay Government Gazette of the 20th
March 1862, from the Bombay Head
Office Indent No 10988 published in the
Bombay Government Gazette of the 27th
March 1862.
