G.O. No.	586	Press / Mis.
506-507.		
Dated	27-3-	1862.

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department, 27th March 1862.

No. 506. Read the following letter from Lieutenant-Colonel F. H. RUNDALL, Consulting Engineer for Irrigation and Canal Company, to Lieutenant-Colonel W. H. HORSLEY, Secretary to Government, Public Works Department, dated Fort Saint George, 22nd March 1862, No. 97:—

SIR,

1. In the accompanying letter* received through the Agent, the Chief Engineer complains of the great delay in the Postal arrangements by which Banghy parcels viâ Cuddapah are detained, often for a very long period, until "suitable cooly loads happen to accumulate," and he wishes to know if a daily Bangy cannot be transmitted viâ Cuddapah, whether there will be any objection to allow packages being forwarded to Kurnool by way of Bangalore and Bellary.

* No. 90 of 20th March 1862.

2. The Chief Engineer has often complained to me of the length of time in which plans have taken to reach him; and I would suggest a reference to the Postal Department to know if any remedy to expedite the Banghy on the Cuddapah route can be adopted, and what objection there would be to the alternative of despatching packages to Kurnool by the Bangalore and Bellary route.

No. 507. ORDER THEREON, 27th March 1862, No. 586.

Referred through the Public Department for the report of the Acting Post Master General Madras.

(Signed) W. H. HORSLEY, Lieut.-Colonel,
Secretary to Government.

Consulting Engineer's Office,
Irrigation & Canal Company
Fort St. George 22nd March 1862

P. 97.

From,
Lieut. Colo. T. A. Rundall
Consulting Engineer for I & C Co.

To,
Lieut. Colo. W. M. Horsley
Secretary to Government in P.W.D.
Fort St. George

Sir,

X P. 90 to 96 March 87

1 In the accompanying letter received through the Agent the Chief Engineer complains of the great delay in the Postal arrangements by which Banghy parcels via Cuddapah are detained often for a very long period, until suitable Cooly loads happen to accumulate and he wishes to know — if a daily Bangy cannot be transmitted via Cuddapah whether there will be any objection to allow packages being forwarded to Kurnool by way of Bangalore and Bellary.

2 The Chief Engineer has often complained to me of the length of time in which Mails have taken to reach him, and I would suggest a reference to the Postal Department to know if any remedy to expedite the Banghy on the Cuddapah route can be adopted & what objection there would be to the alternative of despatching packages by the Bangalore and Bellary route.

I have the honor to be,
Sir,
Your most Obedient Servant
T. A. Rundall Lieut. Colo.
Consulting Engineer for I & C Co.
