*Proceedings of the Madras Government, Public Works Department,
28th March 1862.*

No. 536. Read the following Endorsement of the Acting Deputy Chief Engineer, Central Circle, dated Chepauk, 13th March 1862, No. 11,479.

Read the following letter from Captain R. C. BABINGTON, Acting District Engineer of Bellary, to the Deputy Chief Engineer, Central Circle, dated Bellary, 4th March 1862, No. 487:—

SIR,

1. I have the honor to acknowledge the receipt of Extract from your Proceedings No. 11,037, dated 28th February 1862, and in reply beg to refer you to paragraph 3, of Captain Fisher's letter No. 458 of the 20th ultimo, and request that the funds therein applied for may be sanctioned, the Well is now full and the water close to the surface, but so filthy from the neglected state of the Well as to be quite useless; I much fear that the water though plentiful will be found brackish and unfit for drinking, but it might be made available to supply the bath rooms.

2. I have examined the Well aluded to in paragraph 1 of the same letter and find 10 feet of good water in it, the Well is not in use at present, and I have directed the balance of the estimate available to be expended in sinking it deeper; this Well is on very high ground, and if a good supply of water is attainable, it could be led to any part of the Cantonment.

Letter from the District Engineer No. 487, dated 4th March 1862.

Submitted to Government in continuation of letter from this Office No. 11,083, dated 3rd instant.

(Signed) J. CARPENDALE, Lieut.-Colonel,
Acting Deputy Chief Engineer, Central Circle.
