*Proceedings of the Madras Government, Public Works Department,
28th March 1862.*

No. 540. Read the following Endorsement of the Acting Deputy Chief Engineer, Central Circle, dated Chepauk, 12th March 1862, No. 11,469.

Read the following letter from R. KENNEDY, Esq., First Assistant District Engineer, to Lieutenant-Colonel J. CARPENDALE, Acting Deputy Chief Engineer, Central Circle, dated Adayár, 11th March 1862, No. 170 :—

SIR,

1. I have the honor to request you will be good enough to inform me whether there is any likelihood of my being put in possession of the lands of Poodooputnam at an early date. In little more than another fortnight the Vyaloor Channel will be finished, and if we are not enabled at once to go on with the other work the work people will be dispersed, and there will be delay in getting them together again.

2. Owing to the delay that has already taken place it will not be possible to spend the amount set aside by the Chief Engineer for expenditure on the work before the end of the official year.

P. S.—The water is falling very low in the Southern Canal, and I believe the junction with the Pálár would almost entirely prevent this for the future as the Pálár bar rarely if ever shuts.

¹ Original letter No. 170, dated 11th March 1862.

Submitted to the Secretary to Government, Public Works Department, in continuation of letter from this Office No. 11,215, dated 7th March 1862.

(Signed) J. CARPENDALE, Lieut.-Colonel,
Acting Deputy Chief Engineer, Central Circle.

No. 541. ORDER THEREON, 28th March 1862, No. 603.

Recorded, with reference to the Proceedings of Government, No. 460, dated 17th March 1862.
