No. 27. Read the following letter from Lieutenant-Colonel J. OUCHTERLONY, Acting Deputy Chief Engineer, Northern Circle, to Lieutenant-Colonel W. H. HORSLEY, Secretary to Government, Public Works Department, dated Chepauk, 2nd April 1862, No. 232/G 103 :—

SIR,

1. I have the honor to submit herewith for the information of Government the Irrigation Register of the (late) Rajahmundry District, since transferred as the "Godavery," for the period of five years included between Faslis 1261 and 1265 (1851 and 1855), referred to in the Orders of Government noted in the margin.*

1 Letter from District Engineer Godavery, No. 1,371, dated 8th March 1862.
1 Irrigation Register.

* E. M. C. No. 1,181, dated 18th June 1857.
E. M. C. No. 1,613, dated 1st July 1859.
E. M. C. No. 2,007, dated 22nd August 1859.

2. In framing the Register the Orders of Government of 5th November 1861 and 1st July 1859, Nos. 2,032 and 1,613, have unfortunately not been attended to with entire strictness, inasmuch as the villages have not been entered consecutively in the order of their numbers. As however much time would be consumed if the whole were re-written, I trust Government will be pleased to overlook this departure from their wishes.

3. The District Engineer, Godavery, represents that should Government approve of the Register in its present form, "stitched," it can be bound as soon it is desired that it should be so fitted.

4. The Register for Faslis 1266—1270 is stated to be under preparation, and its early transmission is promised.

No. 28. ORDER THEREON, 1st May 1862, No. 903.

1. In consequence of the time and labour which the re-copying of the Irrigation Register of the late Rajahmundry District, submitted with the above letter, will entail, owing to a departure from the orders of Government in its preparation, the Government pass it specially, and hope that the Register for the period between Fasli 1266—1270, which is reported to be now under preparation, will be correctly framed and submitted.

2. The Government are of opinion that the preparation of the Register might be somewhat simplified by scoring out the words "Assessment including" in column 12 and showing in that column the amount of "Fassal Jasty" only. The Chief Engineer will issue instructions accordingly to all the Collectors and District Engineers in order that they may adopt the alteration pointed out in the Registers now under preparation.

(Signed) W. H. HORSLEY, Lieut.-Colonel,
Secretary to Government.

14th April 817

It appears to me that the preparation might be simplified a little for instance there is a column for Sist Tarum Assessment another for Assessment including Jirpesh Jasty - in a Case out of Ten there too are merely repetitions of the same number in the headings of the 2nd Column should have been Jirpesh Jasty only. This Register of the late Rajahmundry District submitted with the above letter will entail owing to a departure from a previous instruction the labour of preparing another.

The consequence of the time and labour which the recopying of the Irri: Column would

Govt prefers in its preparation the Register for the period between Fusli 1266/70 which is reported to be now under preparation will be correctly framed and submitted.

2. The Govt are of opinion that the preparation of the Register might be somewhat simplified by scoring out the words "Assessment including" in col 12 and showing in that col the amount of "Assessment Jasty" only. The Chief Engineer will frame instructions
