Proceedings of the Madras Government, Public Works Department, 1st May 1862.

No. 33. Read the following Endorsement of the Deputy Chief Engineer, Southern Circle, dated Chepauk, 15th April 1862, No. 12,711.

Read the following letter from Captain W. FAREWELL, Executive Engineer, Wellington, to Colonel W. I. BIRDWOOD, Deputy Chief Engineer, Southern Circle, dated Neilgherries, 3rd April 1862, No. 260:—

SIR,

With reference to Extract from your Proceedings No. 11,916, under date the 25th March 1862, I have the honor to report for the information of the Chief Engineer and Secretary to Government, that the estimates for the pipe drainage of the Barrack roofs at Wellington, was sanctioned by Government on the 18th of August 1857, and the amount entered in the Budget List of 1861-62, under the head of "Drainage of Barrack roofs" was applied for with the view of completing the roof drainage, which was only commenced last year, but as it was desirable to postpone the remaining portion of the roof drainage, till the stone work of the Barrack square drainage was completed, which it will be in the middle of the next official year, the roof drainage piping required was not sent for; I would however note that I asked; for permission to obtain the pipes in January 1862.

1. Submitted for the information of Government with reference to their Proceedings No. 501, dated 20th March 1862.

2. The estimate* for the drainage of Barrack roofs at Wellington was sanctioned in Extract Minutes of Consultation, No. 1,599, dated 18th August 1857, the amount was entered in the current year's Budget,† and has been entered in that‡ for the ensuing year, under the head "drainage of Barrack roof."

3. The completion of the *roof* drainage was deferred until the stone work of the Barrack square drainage was finished, (which will be in the middle of 1862-63) and Captain Farewell reports that the piping required for roof drainage was therefore "not sent for."
