Proceedings of the Madras Government, Public Works Department, 5th May 1862.

No. 132. Read the following letter from Lieutenant-Colonel J. CARPENDALE, Acting Deputy Chief Engineer, Central Circle, to Lieutenant-Colonel W. H. HORSLEY, Secretary to Government, Public Works Department, dated Chepauk, 29th April 1862, No. 13,034 :—

SIR,

1 Letter from Mr. Kennedy, dated 3rd April 1862, No. 2,482, with bill.
1 Do. Civil Paymaster, dated 15th April 1862, No. 152.

1. I have the honor to submit, for the orders of Government, letters as per margin relative to a claim made by Mr. R. Kennedy, 1st Assistant District Engineer, to the moiety of salary of District Engineer in addition to the full salary of his substantive appointment, during the time he held charge of the Madras District in the month of March 1862.

2. Mr. Kennedy relieved Mr. Dopping of the charge of the Madras District on the 12th March 1862, and the latter received charge of the North Arcot District from Captain Prendergast on the 15th idem, and as Captain F. J. Moberly, appointed to act as District Engineer, Madras, only delivered over charge of his own District, South Canara on the 31st; I informed the Civil Paymaster that it appeared to me that a moiety of the salary of District Engineer was available for payment to Mr. Kennedy either from the 13th or 16th to the 31st March 1862, but that the payment of such an allowance for the month of April, would, I conclude, be an extra expense to the State, because Captain F. J. Moberly became entitled to the salary of the Madras District from the 1st of the same month, and Lieutenant-Colonel Walker to that of South Canara from the 6th idem.

"Fort Saint George Gazette"—March 1862, page 449.

3. In reply, the Civil Paymaster informs me that "if the conditions alluded to in the Proceed-"ings of Government No. 482, dated 19th March 1862, paragraph 2, have been complied with, "and Mr. Kennedy has retained charge of his own range besides conducting the duties of Dis-"trict Engineer, there will be no objection to his drawing the salary he claims until relieved by "Captain F. J. Moberly upon his position being recognized by Government," and this accordingly I have the honor to request may be done, as Mr. Kennedy necessarily performed both his own duties, viz., charge of the Eastern Coast Canal, &c., and those of District Engineer until the 17th instant, when he delivered over charge of the District to Captain F. J. Moberly as there was no one to relieve him of the Canal.

No. 133. ORDER THEREON, 5th May 1862, No. 957.

Before passing orders on this letter, the Government request that the Civil Paymaster will report whether funds are available for the payment to Mr. Kennedy of a moiety of the salary of District Engineer in addition to the full salary of his substantive appointment for the entire period during which he held charge of the Madras District.

(Signed) W. H. HORSLEY, Lieut.-Colonel,
Secretary to Government.
