Mr. Martin served under my orders as a
Revenue Surveyor for a period of about 2 years
while I was in charge of the 7th Division. I always
found him most attentive and zealous in the
discharge of his duty. He is an intelligent and
accurate Surveyor, a very neat Draftsman and
otherwise well acquainted with the duties of the
Department of Public Works.

To
Mr. J. H. Martin

I have the pleasure as you desire it to
send you this testimony that during the time
I held the 7th Division and afterwards the
Coimbatore District I have always found you
efficient in your duties and have had reason
to be satisfied with your conduct, you have
obtained an honorable post in the Department
and have abilities to qualify yourself for a
still

Still higher one and it will give me great
pleasure to hear of your promotion in due course

Asst. Supf. Eng^r. Centre Circle

Mr John Martin has been employed
under my instructions in the Coimbatore District
for nearly 3 years - in Surveying and Levelling,
preparing Plans and Estimating - and occasionally
in charge of a Range as Executive Officer -

With the duties of the latter Office he is
quite familiar - His designs and propositions
were always intelligent and thoughtful.

He is a good Surveyor and Leveller - effective
and expert in selecting and delineating, the
features an Engineer requires a survey to contain -

I consider him, fully qualified for a
higher position than that of Supervisor which
he now holds -

Late District Engineer
Coimbatore -

Mr Supervisor Martin has given me every
satisfaction during the time he has been under
my orders, he has been industrious and steady.

I venture to add as of my own
personal knowledge that the Supervisor
whilst perhaps the most expert as
draughtsman on the whole strength
of the D. P. W. has afforded me complete
satisfaction by his zeal and diligence
since I rejoined the Coimbatore Dist.
