Supdy Engineer, 3rd Division

Sir,

I regret to say I have been unable to prepare the plans of the Barrack accommodation in the Bellary District called for in your letter N^o 54 of 1st Instant to transmit to you so that they could be ready for His Excellency the Governor on his arrival here, as so much delay must necessarily take place in transmission by post. I think under these circumstances the plans which will be ready in a day or two had better be kept here, ready to be produced when called for, or to be given to any of His Excellency's Staff as you may direct.

I have &c.
