Official Memorandum.

In consequence of the abolition of the Office of Chief Engineer, the preparation of the Annual Budgets will devolve upon the Sept. The undersigned therefore requests that the Chief Engineers will be good enough to send in the Budgets for their respective Divisions, in time to reach Sept by the 31st Octr 1863.

The work should be classified under the Budget heads, but they should be numbered in the order of their importance.

2. In the first place the Board correctly presume that no alteration is intended in the letters prefixed to the names of Officers in the Public Works Department, but that the question under notice has reference only to the Subordinate Establishment, they accordingly recommend:—

First.—That the prefixes to be given shall be small letters as used in the Army List to designate Officers who have passed an Examination qualifying for employment in the Public Service, but that the letters be red instead of black.

Second.—That Telugu, Tamil, Canarese and Malayalam, be the languages for which *præfixes* shall be given.

Third.—That the degree of proficiency to be attained in each language shall be that laid down in Lieutenant-Colonel Bell's letter of the 14th February 1860, No. 10,279, and which is the same as that ordered in the C. O. B., page 562.

Fourth.—That the acquirements of each Subordinate shall be ascertained by a Committee convened by the District Engineer, the proceedings being reported to the Central Office.

3. These suggestions appear to me to meet the object contemplated by Government in their orders under reply, viz., inducement to study and evidence of the acquirements of the Subordinates of the Public Works Department in the Native languages, and I therefore recommend their adoption being sanctioned.

4. The Board of Examiners consider it to be unnecessary to extend the system to East Indians and Natives, but on this point I differ from them, an East Indian may be as little acquainted with the Vernacular as an European, and a Native of a Tamil District is often quite ignorant of Telugu, Canarese or Malayalum, it seems therefore just as necessary that these classes of Subordinates should be encouraged to acquire a competent knowledge of the Vernacular of the District in which they are employed, as the European, and I therefore request that in sanctioning for adoption the suggestions abovementioned, they may be made applicable to all classes of Subordinates, European, East Indian and Native, employed in the Public Works Department.

Paragraph 1 of letter No. 335, dated 5th September 1862.

5. The cause of delay in replying to the orders of Government under notice is owing, as explained by the Secretary to the Board of Examiners, to the papers having been long mislaid in their Office.

No. 433. ORDER THEREON, 24th September 1862, No. 2,290.
to approve of the arrangements under which it is proposed

No. 433.

The Government approve of the arrangements under which it is proposed to give Honorary prefixes to the Subordinates of the Department who may pass the prescribed examination in the vernaculars, and they agree with Colonel Birdwood in thinking that the rules should be made applicable to all Subordinates of the Department, European, East Indian and Native. The Chief Engineer will take the necessary steps for carrying into effect the arrangements proposed.
