2- This reference to the entry in the list of incomplete works of a sum of Rupees 4800 as the estimated cost for constructing Police Buildings in the Trichinopoly District, the Secretary to Government requests to be informed how the Superintending Engineer of the B. D. P. has arrived at this amount. According to the authority quoted the correct sum is Rupees 4500.

Information is also requested in regard to the following differences.

The estimated cost of the Quarry Project is entered as Rupees 19,110 as concluding to the Order dated 11 April 1862. In 1868 the sum is Rupees 19,170.

The sum proposed for expenditure when added to the already outlay already

already incurred upon the margin exceeds the Rupees 10----- As the work is correctly entered in the figures must be a mistake entered in column; amount already expended or sum required during 1863/64.

A sum of Rupees 8000 is proposed for expenditure on an Estimate for carrying a navigable Canal from the Vaclav to the Aduppar. As Rupees 10000 have already been granted for the work from the reserve the object should be explained. A sum of Rupees 1370 is entered in the list on the authority of the

the work noted in Estimate by Extending the Southern French Roads

the estimated cost interest there in the figures amount already incurred during

an Estimate for carrying a navigable Canal from the Vaclav to the Aduppar. As Rupees 10000 have already been granted for the work from the reserve the object should be explained.

As Rupees 10000 have already been granted for the work from the reserve the object should be explained.

A sum of Rupees 1370 is entered in the list on the authority of the

Controller. The object for which this sum is wanted is not clearly explained. The circumstance under which the sum intended for Omibatore was drawn by Captain Palmer and spent in Tanjore and the particular work or works upon which the amount was laid out, should be stated.

Respectfully,
18 June 1863
