Supervisor / Brown

Road in a bad state—damaged by late rains here and there—gravel being spread where most needed from the maintenance allowance. But Road should be thoroughly metalled and bridged for the maintenance to be effected in keeping it in good order. Estimates for this are sanctioned, but were omitted in last Budget. Carts are sometimes detained 4 days at the Pundairoo across which a bridge of 9 arches of 30 feet span is sanctioned.—

Major Stoddard

Major Stoddard

Sanction for completion of Light House just arrived—the work will now be pushed on with.—
Went out with the Executive Engine and the Master Attendant in Sual Steamers to hunt out and establish a Shoal reported by the Captain of the "Tivoli" to have been discovered by him near Copado.— Finding

1863.

August

22 Coconada

River Improvements. Major Stoddard.

the 'Brig Teak' ashore near Kake Island Lighthouse, we abandoned the search for the shoal, and did what could be done to help the brig. — The Dredges are under repair, so that I could not see them working; it is a thousand pities the trailing walls of the River are not completed. —

23 Samulcotta

Inspected junction Canal. —

Major Stoddard Everything in good order except where a rough Stone dam has been thrown up to allow intercepted drainage to flow into the Canal from the North. — Govt. have just sanctioned a permanent balingulak and ordered it to be entered in the Budget. It should have been built this year from the Reserve. —

24 Dowlaishivaram

Samulcotta Canal. —

Major Stoddard This is a most tortuous and irregular Canal; tortuous in course and irregular in section. — Some day it will have to be reformed. —
