From

The District Engineer
In charge of Kollachy Range

The District Engineer
Sir

Referring to your order of 13th July informing me that a deduction of my pay to the amount of Rs. 6000 will be made, I have the honor to request that no deduction may be made until the matter is settled, for I protest against the retrenchment as unjust.

2 If the Civil Auditor of Port William will refer to the Bengal Code Page 175, he will find the following rule

The District Engineer

1 Officers of the Department of Public Works transferred from one charge to another but without at the same time receiving promotion to a higher grade or appointment, will be entitled to receive the full salary of their grade for the whole interval that may elapse between their being relieved from their original appointment, and their taking charge of their new one on the following conditions:

1 That their transfer has not been ordered on account of any misconduct of their own.

2 That the Chief Engineer, Executive Engineer or other principal officer under whom their new office is placed certifies that

that they have used all reasonable and practicable despatch in proceeding from their old to their new station.

3 This is exactly my case I am an Officer of Public Works Department, I was transferred from one charge to another without receiving promotion for I drew for the first six months the same pay that I had drawn previously.

The conditions were also complied with. The transfer was for no misconduct and the Chief Engineer certifies that I had used all reasonable and practicable despatch in joining.

4 On these grounds I protest against any deduction, unless the Civil Auditor of Port William can show better for at present he assigns no reason whatever for his retrenchment.

erred, and I have only now been addressed
